✿MENDLALI (DEALER)✿

Wiping blood with the top of the shirt. This just keeps breaking the nose. It's better to wipe it with the brain because I can put formal so it doesn't look dirty when I get home. A car is standing next to me, I don't even want to look at it I know that's Mvikelo I don't know what he wants from me because I even got beaten because of him. You must hear me when I tell him that I don't want him instead he follows me. These girls of his whole school always puzzles me. He's older than me and he leaves me at 3 years old and he's 19 while I'm 16. We all do matriculations. I was the youngest in class I was passed to grade 8 and I was taken to grade 10. He follows me slowly in the car and ends up standing and pulling my hand. The plastic I put in my books are still down. Let him bend and try to pick myself up and I also pick myself up quickly I'm going to take myself home well.

"Heeeee I wonder what my mother knows that she walks with the boys on the road. "

That's Nosipho, the child of Mamncane (Ntombenhle) I know she is very annoyed because she sees me and her crush. Today I will sleep and be defeated lord , he will do all he can to keep me young. Collected myself and took the ones on the defense and run. I can't wait to get home first than him because he's young he'll kill me when I get late. I remembered that I was bleeding from my nose. I put down my books and put my shirt inside the skirt and it's also work because it's not open the zip is sewn and I was given to one of the students at school. I just took my books and ran with these shoes they delayed me because they don't fit me I drag them I have to put them on the back side, and in the front they show my toes luckily I came home without anyone I went into my room I took off my blanket and tied the knot well where it was torn I took my bucket it sits in my house without water. I ran when I was about to get out of the gate here is the little one coming in.

Ncane: "Go away and leave it girl you will tell me exactly where you were"

I felt my hair rubbing I just realized that today I will be food for a stick. I came to the river and build water when I lift up the bucket I carry someone will catch it. Wake me up ohhh lord protect me again .

Mendlali: "What are you looking for here but you didn't leave your home"

Mvikelo: "I couldn't leave you in that field I didn't go home I was following you"

Mendlali: "Mvikelo you're going to lie to me please let me go you're young you're going to beat me"

Let the water rub me under my nose. Let him take out R20 and give it to me.

Mvikelo: "Please buy bread and eat"

Mendlali: "I can't know you, you'll ask me where I got it from. "Please leave me alone I'll die a stick now I must have accepted him"

I'm crying my little one is going to hit me hard today. Let him hold my bucket and hurry up I'm following him running behind . When we are about to get to my home, I wonder where he left his car. I went inside the house and put it in the kitchen on the side washing pots I better cook in the stove my bathing water on the fire because they say it's finished. Then I put the pots in the dishes and hurry up to go wash them. Rushed to my room to pick up my uniform . When I get outside, Nosipho and Zanele have put their own. Fanele doesn't do everything his sisters do. I start washing theirs and then when I enter mine I will finish everything now I'm in a hurry to write my school work I can't write at night because I don't even have a candle. I first write and hear the door opening with a belt and the small one enters with a belt ohhh which means he is going to beat me I am used to the stick even if I was beaten I don't cry anymore.

Ncane : "Your rule is not enough to insult me you are walking with boys all the way"

I am quiet and not replying I know Nosipho is lying to me

Ncane: "I'm not a fool girl I won't talk to you just keep quiet as if you don't hear me"

Mendlali: "I have never stood with a guy, he spilled my books and picked them up"

Ncane: "You're lying that's all you know"

Mendlali: "I'm right mah never"

Ncane: "Ohhh you are old when I speak you answer you have a mother who is not standing you didn't see your mother we put her in a hole"

I'm quiet and upside down already that's my daily meal. I am not afraid of words that are insulting anymore, I am used to them. I felt a belt getting into my body and I was quiet it doesn't feel sympathy for my body. Let me beat until he gets disrespected I hear him breathing

Little : "I'll kill you with little witch"

I'm quiet and he comes out and knocks on the door and hurry to the door and lock my clothes room and take out the razor and sit down and cut it on my thighs and a lot of blood comes out and feel my body is resting well. When I feel pain that's when I get rest. I watched the blood go down.

🎀Protection🎀

I'm home sitting in the car I think. I really don't know how to help Mendlali it's hard to ask for help from my father because he doesn't want to see a girl next to me. This thing of her is painful because she dressed so well when her mother died she turned into something else. I got out of the car and got in the house and found my dad sitting.

Defender: "The wall"

Mkhwanazi: "Prince"

Mvikelo: "Father I need your help"

Mkhwanazi: "I'm listening son"

Mvikelo: "There is another child who needs a job but he is studying now I thought the wall should give him a little job here at home"

Mkhwanazi: "I don't think that will be a good idea as he is reading which means he needs enough time for books"

Mvikelo: "That child is clever you see if he could work here at home and help me in my studies I would leave with a distinction alone"

Ndonga: "Hey son what do you say to me you can just give me 7 only"

Mvikelo: "You'll see dad"

Mkhwanazi: "The problem is there is no work that can be for boys here at home"

Mvikelo: "Eish girl Shamase"

Mkhwanazi: "You see I don't want what you are trying to do, you know you have a wife you should marry her after school"

Mvikelo: "I know white man very well and the girl I am saying is not on my level I was just helping"

Mkhwanazi: "It is clear son we have to go there today to talk to his parents because I can't wait to see your 7"

Wuuuh at least you said yes I'll make sure you stay at home the player. I want him to be treated well there is no work he will do I will keep saying we are studying .

🎀Beautiful girl🎀

Standing out the window watching the car go through the gate. Just dropped off two close to the house.

Mkhwanazi: "We prayed at home at Mthethwa"

Got my head done and check if everything is okay then I'm out.

Ntombenhle: "hello can you come over"

They came into the house to say hi to the relationship and life.

Mkhwanazi: "No Nyambose we have not come badly we will only ask for help"

Ntombi: "Hau but big brothers or anything we just open our hands"

Mkhwanazi: "Ey there will be a bit difficult to say but we will ask one of the girls who can fix the garden to help us here at home we are in need of a person. "

Girl: "Oh but these soft girls of mine say they can't do that"

Mkhwanazi: "There is someone who is used to going to the river I think he can't do this work but we will pay him. "Money will come to you and you will follow him like a child"

Girl: "Well if you say that bakhwanazi it makes sense I will say to him I think you can fetch him tomorrow but he has to come back in the afternoon"

Mkhwanazi: "Thank you Nyambose we ask for a way"

Nosipho comes in and greets then sit down

Mkhwanazi : "Oh my girls are so beautiful. I have men and they are not married"

Girl: "A lot of girlfriends here at home Ndonga let me show them to you"

Shout out to Zanele and Fanele to come greet and sit down.

Mkhwanazi: "Oh guys, Nyambose's girlfriends, here are my cows, they will be complete, we will not have to speak this matter properly, we have time"

Ntombi: "Surely Shamase we need to discuss this issue so that my girlfriends should not grow old at home you have men"

Discussion about how to say goodbye and leave. No Mendlali will not have to go to work here all the money will come to me there is no cent he will get it. I want him to work for my kids when they get married in that house.

🎀 Protection 🎀

You know this woman annoys me how evil she is. So that means Mendlali doesn't take him as his child, he didn't call him when he called his children. I will make sure that Mendlali will end up staying at home I want him to study well I know when he succeeds in life my father will allow me to marry him. For now I'm going to have to pretend I don't love him. There is no child this mother is married my brothers.

🎀Nosipho (A GIFT)🎀

Wuuuh I can't believe Mvikelo was home I feel like jumping.

Nosipho: "Maaah I don't care about the other boys from Mkhwanazi I want the one who shares"

Zanele: "You see if I get a tall one who usually wear a crown, who do you call him "

Nosipho: "Nkosenhle"

Zanele: "Ehe Nkosi shwele you see that boy mah yooh no maybe you never noticed him ay I am telling you there is that guy"

Girl: "I don't know very well how many boys are "

Nosipho:"Bay4 mah first the Mlungisi then the Cebolenkosi then the Nkosenhle then the Mvikelo ends ay mah you won't have to make sure that we are getting married in that house"

Zanele: "I can see I am living in that dimension Jesus it seems like I am still going to live soft life here"

Girl: "Relax my children tomorrow we are going there"

Es stand up he needs to get out . oHhh we don't care he also likes to pretend to be better than us. He has finished school a long time ago but he doesn't get a job and he is always arrogant with papers saying he thinks of a job but we don't see that job.

EPISODE 2

🎀MENDLALI🎀

Today my day was very good at school because there were no Nosipho who always puzzled me and looked at me with the kids. They didn't come to school they said they had to do something . On my way now running young one said I should come back early because I have to take me somewhere. Mvikelo always wants to show me but I'm not even today and I'm scarce. Wuuh it's better I got home holding my chest and back the paper of my books with my hand and rush to the room and go to the river as usual and wash the dishes and then go to the smaller because he had called me. Wuuh when I come back Nosipho and Zanele have prepared them with small t-shirts and t-shirts that

show their tummy and then you must wear her beautiful knees dress. She deserves it she's beautiful even though she's a drunkard of others but she's more beautiful than them.

Girl: "Well girl we are leaving now going to Mkhwanazi's home to the boy who is studying in your class please run sister we will get you in front because we can't even ride you will pardon our car. "

I really saw a car coming in which means they rented it.

Must: "Please wait for me Mendlali I will also walk"

Girl: "Yey you Fanele there are no foot you walked here with them how are you going to get there"

Zanele: "Leave her alone, you know her like this"

Nosipho: "You don't like begging you as if you have a good thing"

Let him keep quiet he should go out with me and follow the others who are in a car and we follow them it's better I walk with the right one he won't shout much at me he's young. We walked until we found them standing at the gate and hit the bell open.

Girl: "Don't embarrass us I hope you have bathed yourself and don't smell people with your armpits"

Nosipho: "Whoever says I should stay close to him before he smells like me"

Nosipho is used to wait until the gate opens I see Mendlali washing the car.

Nosipho: "Wuuuh shwele mah it just felt like I am not going to burn him"

Zanele: "Go gel don't delay"

Nosipho: "Ima geli we get closer"

Girl: "You will call them their father you will go to those you want don't disappoint me you know I trust you"

Nosipho: "Relax girl ayneke mah look at this guy he will kill me"

Should: "Come over Mendlali don't pour water"

Ohhh I didn't even notice that there is water here I am close to it but some said I should not come close to them. When the door opens and I can't see anyone opening it and we go inside they sit on the couch and I sit next to it.

Girl: "Hey sit down you want to dirty other people's sofa"

I get off so fast and say I sit down and hold Fanele.

Should be: "Mah you are not good you will look at us with people, stay here Mendlali"

I sat next to you should hold my hand and Mkhwanazi the father of this house goes with his two sons. I saw Zanele fixing herself so well that she sat on 4.

Mkhwanazi: "Awu Nyambose bring me your flowers are you well my children. "

Girl: "Aw they don't ask father you can see for yourself"

Mkhwanazi: "Ay it is clear, Cebolenkosi tell aunt to make us a drink"

Let the guy they sent stand up and go to the kitchen and come back with juice and put it on the table. Show me with my eyes mom . I stand up pour and take he should give them all .

Mkhwanazi: "Awu thank you beautiful girls it seems you will be so nice especially the juice touched by the hands of such beautiful flowers"

Girl: "Ay you are so nice"

Mkhwanazi: "Ohhh Nyambose is the one who denied the one who agreed to do the job for us"

Daughter: "that's the one with the long dress daddy"

Pointing at me younger. What work am I going to do because I was not told anything.

Mkhwanazi : "Ohh ay thank you daughter for agreeing to come and help us here at home. Designer call your brothers "

Let this one stand up and come back with the others.

💖Protection💖

I am just entering the house my father has called us to sit down there are Mendlali's sisters and their mother which means they have come to work with it.

Mkhwanazi: "No my boys I have not called you a lot I will introduce you to this family because their sister will help us here in the garden. I'll start dishing up eehhh this is the prince of the house Mlungisi that was planned by Ucebolenkosi so that Nkosenhle then Mvikelo ends. My father shows us as he is impressing us I look at all those ladies who count my eyes and meet the girl who always talks badly about Mendlali I just feel angry and smile and blinks my eye heeee my miracles Lord I am being tempted I am just looking outside.

Girl: "Ayi you have given birth to men Shamase I'm walking with my girlfriends here first the old one should have Nosipho and then Zanele I saw that I'm not enough I felt like the last one was enough for girls"

Mkhwanazi: "Kuzakele Nyambose, how is the other one"

Mvikelo: "This is another Mendlali my father in class with his mother who just passed away two years ago"

Girl: "Haibo do you know her, it's like you know Nosipho because you are studying once"

Mvikelo: "yes i know him"

Girl: "It was laughing that means you will get used to each other quickly. You must read together because it is about to be written "

Nosipho: "I would be very happy to study with him, I wish we could also do crossnights"

This girl can study with me is crazy because she still gets 2 people in tests I want to study with someone with a quick brain like a player. You see if I study with him I'd pass more than this yet. I have to ask him in the classroom if I don't see clearly he should explain to me and understand more than what the teacher explained. When a guy just scores 98/100 on tests, this kid is smart yoooh.

Mkhwanazi: "It's good if this guy is going to study and pass well, I want him to enter home business while your wife is waiting for you"

Girl: "The bride?" "

Mkhwanazi: "Truly, there is one businessman we are dating with, a woman's child is beautiful like a doll"

Girl: "Awww that was reported "

Mvikelo: "let me collect these glasses father and take them with this one"

Nosipho: "Let me hold some for you"

I took this girl to bring some we took them to the kitchen I put them with her she puts when I go out she hold my hand then she gets closer to me and kiss me on the cheek. I wiped my hand and looked at it how is this child really.

Nosipho: "Don't tell me you'll ignore all this"

It opens a t-shirt slowly, shows the breast and comes closer to me, touch my front hand and tighten it and see it change on my face, I just wanted to feel pain.

Mvikelo: "Respect yourself sis I'm not that type"

I let go of the hand

Nosipho: "Mxm I thought you were clever but you forgot that's why you were forcing to marry you"

It comes out I follow it back then we sit down .

Mkhwanazi: "Well let's go out and show you where you'll be working for my daughter. "

My brothers just keep quiet they know my plan only father doesn't know . They know that I love this child and that's why I should not propose it now because it will be in

trouble I still want my father to help him succeed and I'll watch out. For real we came out father showed them everything . Mendlali keeps walking next to this old lady holding her hand. This one I have disappointed has been chatting with the editor now I can see he is trying to get used to him if he knows he won't smell him. This young one is not busy with Nkosenhle until you get left behind and keep on touching the flowers that are not there. Finished what we are doing here and back home.

Mkhwanazi: "Well I think it was this for today and tomorrow the child will start working"

Girl: "Ayi relax he will never disappoint you Shamase thank you "

Mkhwanazi: "You are going well my girls I hope one day one of my men will choose your wife"

Ntombi: "You can't know shamase, it might be a surprise that all of them are married here"

Mkhwanazi: "that would be a miracle nyambose"

Girl: "My father's plan should not be hindered, let us pray that everything will be according to our wishes"

Mkhwanazi: "I heard you bonyambose. Eeeh Nkosenhle take the car and take the Nyambose and the Mlungisi"

They said good bye and stand up and come out . These are temptations you know this woman is really tempting us if she knew she wouldn't have been playing with her time like this no her child is married here.

EPISODE 3

🎀 Girl 🎀

Just getting off the car that brought us home is back.

Girl: "Thank you my children wuuuh you helped us"

Mlungisa: "We are thankful"

Nosipho: "It seems like you will be too much girl because you must first write to me the one you were writing today and then make me homework like yours"

Must be: "I wonder how you will pass without studying because if you ask Mendlali to help you not to write for you"

Nosipho: "No you like talking wena. "You just can't keep quiet"

Zanele: "You are confused of muscle meat"

Should: "Don't mess with me you guys I'm not my business you just stop studying and forgetting boys who graduated from school"

Zanele: "When you are confused, give it to yourself that you are a grandmother they don't want you"

Should: "I don't even need them to want me I know my place as a girl I don't go around I just put myself in boys"

Ntombi: "Yey you shouldn't annoy me I don't know who you inherited with your jealousy you don't want to see your siblings succeed because you have realized that these boys from Mkhwamazi love them when you are jealous"

Should: "I'm sorry mom I thought I was showing them I didn't know I was wrong"

Girl: "You show them what you show them when you know how to show people because you can't even buy bread you know how to make law for people"

Nosipho: "Tell Mah she is disgusting about her jealousy"

Zanele: "I don't want you next to Nkosenhle I know you don't get chased away from other people's men"

Nosipho: "We will beat him when he comes to take our men"

Girl: "Let you go and cook because you said you will cook and leave the kids alone I don't know you don't see that you are old you should have been married long ago but you are still at home and you are always talking I am hugging you then I am at my in-law"

Let her go out to the kitchen . Hey a person can play the right one because they want to spoil my children. We will have to go back to Mkhwanazi so that these boys are making my children proud. I want them to keep them married.

🎀Cebolenkosi🎀

Sitting outside with my brothers enjoying the fire here burning meat, daddy is asleep he is used to sleep early.

Mvikelo: "Ay boys it looks like my trick will work"

Cebolenkosi: "It seems like we will all comment brother"

Nkosenhle: "How now man because we are doing all this for Mvikelo"

Cebolenkosi: "Ey man I won't let the skirt bring it to me"

Nkosenhle: "Aw hit your waist man I know you will pass with these floods"

Cebolenkosi: "Luthoke boy I'm slapping I'm passing by I want to stop the mind they have"

Mvikelo: "Oh man these sticky things don't do that"

Cebolenkosi: "I'm joking boi I know what we are doing I won't bring death near me"

Nkosenhle: "it's better if so I thought you're starting your things"

Cebolenkosi: No matter how long I have been out there brother what are you saying you are so quiet"

Editor: "Ay Mvikelo man I hear you boi you say we should not stick to these girls but not me my eye is just blinding guys"

Mvikelo: "Oh no brother that kid you were walking with is bad you can imagine he was holding me in the front while we were in the kitchen showing me breast"

Nkosenhle: "Yeyeya Boi why were you not calling us"

Mvikelo: "The man that child surprised me, do you think he will say I'm screaming"

Nkosenhle: "But it's crazy, he didn't think that father would come to see the rubbish he's doing"

Cebolenkosi: "My brothers are right, these kids don't respect themselves, look at the way they dressed, they show the whole body outside"

Editor: "Men I don't talk about those things I don't know there is this lady who was walking with the young one holding her hand no boys she took her eye here it's bad to lie I loved that child"

Nkosenhle: "Ohhh mention the one who was quiet walking with Mvikelo ay guys I am also taken from there but I will leave you because you are a big brother you must get married first"

Cebolenkosi: "Ay you see guys we won't get along now I'm the one who saw that girl first"

Mvikelo: "Ayi show me these two girls"

Cebolenkosi: "Ey brother I'm talking about your lady, you can see the way she dressed, it suits the yard of her home"

Editor: "I was just watching this brother walk here and I thought this was going to end at Veyane"

Mvikelo: "It helped the coming of the girls at home look at you are about to get married brother"

Editor: "Ay man I can see this lady in town that's why I didn't know what she said but it's okay we can get married in the same house Mvikelo"

Cebolenkosi: "Aw Shamase are eating men thank you brother"

We continue chatting eat our meat then go to bed.

💖Mendlali💖

Brand new day today as usual I'm back home from school luckily Fanele didn't go anywhere so I found her to do everything.

Players: "Sis thank you for giving me rest"

Must: "I was there all day and I wish I could do this homework"

Mendlali: "I'm leaving sister I'm going to Kamkhwanazi"

He leaves he should come back in a nice dress. He is a person who wears clothes they suits him well and his figure makes them sit very well. We went out and found the little one standing.

Mendlali: "We're leaving now"

Let me look down and destroy me up and give me so that I can see what is wrong with me but I can't see anything.

Girl: "You should deny it"

Should: "Hau mah I'm accompanying Mendlali on his first day there should be someone to help him"

Girl: "When you are leaving it means they must go with Nosipho I know you will take my children's men"

Must: "Mah I'm going to help Mendlali I didn't go for boys here and I never put boys in my head I still want to fix my life and get a good job"

Ntombi: "I wonder how long will you sing that song go but don't do your dirty here"

We went with little Fanele she always talks bad with Fanele. The people Nosipho and Zanele are fighting for, no he doesn't want anything from them.

EPISODE 4

💖Mendlali💖

We are standing in the garden of Mkhwanazi, our father is showing us the trees we need to fix and how to fix them. After showing us and going to the house we will leave with Fanele and do it with their brothers Bala they help us in good condition there is nothing we can do it by them who fix it. And then the defense came out.

Mvikelo: "Eish I am sorry to disturb you Mendlali I have a problem here you know the mathematics homework that was given to us I don't understand it well I don't know if you can help me through it"

Mendlali: "Please wait for me to start finishing what I'm doing I'm going to do"

Editor: "There is no problem we will continue you can just go and help a brother"

I had a doubt but I went and washed my hands then we went inside the house and the door closed.

Mendlali: "Please don't shut up just to hear Fanele when he calls me"

Not because I want to hear you should just say I'm afraid of being in other people's homes. Seriously let him open the door and take a glass and pour me juice

Mvikelo: "I hope I didn't disturb you too much"

Mendlali: "Your brother said they will finish"

Let him take out his books and put them on the table and show me what he is defeating and explain to him with patience until I be sure that he heard. He writes then collects books and put them in his bag. He sat down in the chair right next to mine.

Defense: "Mendlali"

I lift my head up and look at him as I was looking down and found him looking at me.

Mvikelo: "Please don't get annoyed by me I know I have bothered you so much I want to be explained about school things just that the way you explain is understood not the same as the teachers"

Mendlali: "There is no problem if you need help just say I will help you when I can"

Let him stand up and get me some cookies and pour juice and put it right in front of me. Wuuh I'm afraid to eat in front of someone I'm not used to.

Players: "Thanks I'm fine I just ate at home"

Mvikelo: "I'm going out for a while please eat at home no food is appreciated. See you when I come back I'm going outside "

Wuuuh at least when was the last time I had cakes these are so soft. I ate the first one and heard that they agree not the other one should leave three and leave for Fanele.

🎀 Designer 🎀

We are done with what we are doing, it's just fixing it here and there. Mvikelo came and I closed my eye for him.

Mvikelo: "Nkosi and Cebo is calling you father and says he wants you to go back to where he wants you to go. "

Lmao I know he didn't call dad his trick to give us space. They went in the house and left this lady to collect the tools we used. Then we wash our hands and sit down. Let Mvikelo come with cakes and juice give us thanks and eat and chat.

Editor: "You know my eyes are used to your face"

Should be: "You might be comparing me I'm not a person who steals me"

Editor: "I don't compare you to anything lady I usually see you in the city I don't know whether you work there or something you're going to do"

Should: "Ohhh I'm filing cv's looking for a job luck hasn't appeared yet"

Editor: "What kind of job you want mom"

Should: "I'm not picky anymore if it's work it's okay"

Editor: "You know where I work they are looking for someone to clean I don't know if you don't want to try"

Should: "I would be so happy for you "

Editor: "Please give me your number then I will call you "

I gave her my phone and she took it and put her number and she gave it to me.

Editor: "What did I write it about"

Should : "Ohhh I forgot you deserve the name "

I saved it by saying MaNyambose and put my hearts aside. You see now it's going to be easy for me to be close to him. I deliberately deceived him that the company I work for is mine and he won't clean for everyone he will clean for me alone I want to keep him near me and watch him. Mvikelo and Mendlali come out and come to our place.

Mvikelo: "We think it's evening brother then we think it's better to move"

Fix her : "Let me take these glasses and take the car and we go"

I really did that and then we went to show them. They are so beautiful and grateful.

Editor: "Fanele "

He turns his head and looks at me and then it gets closer"

Editor: "I don't know what time is right to call"

Should: "Anytime you can call"

I laughed a little bit not this kid touches me a little bit man .

Editor: "are you okay ima call"

Must: "Farewell thank you"

He turns and goes with us so we remove the car and leave.

🎀 It's a must 🎀

When I turn around I see them peeking through the windows how are people from home really. I just got into the house.

Nosipho: "I know that nothing has happened here except men listen my sister the Mlungisi says I don't want anything next to him"

Fanele: "Aibo Nosipho you can't even see that the dress I'm wearing is dirty which means I was working. "They brought us here because it's closed"

Zanele: "So give it when you are left behind you just wanted to be called right but I am not surprised you are like that all men want to be complete with you"

You know those who don't lack anything to annoy me you see what they are saying it really annoys me. Hate me go to my room and hear my mom scream.

Girl: "Even if you get angry girl think of your own man and leave the men of your child"

You know motherhood. I don't even know the name of the person who is fighting for me, all I know is that he is the eldest to the boys of Mkwanzazi, the rest is nothing. And there's nothing that connects me with him but work . Take me off and bath I am full I won't eat. I got into the blanket while I was sleeping and my phone rings. I took a number I didn't know , I caught it .

Should be: "Hello'

Editor: "Miss it's still me "

Should : "I'm talking to either "

Editor: "I was hoping that I was the one who gave him your number for the day so it would be easy to remember me"

Should be: "Ohhh ay I can hear the Mkhwanazi brother right"

Editor: "Yes mom she is no I just wanted to let you know that we went well"

Must: "It's good if so thank you "

Editor: "Thanks to me lady have a good night I'll call you tomorrow"

Should : "Good night and thank you "

I switched my phone under the pillow and went to bed.

I watched the time aibo only 10 minutes left

Must: "I have not bathed 10 minutes yet"

Editor: "Manyambose wait don't hesitate please don't be late at 09:00 while you're here"

It's like whuuuuh then I'm shocked I wake up early to fix and bath and take all my things I'm gonna need and go out.

💖Mendlali💖

It's class break time for students outside. Me sitting in class writing I usually do that . I dish at school after I finish eating then write my job if I don't have it I'm just studying. Nosipho has entered with his friends. They sat at the table behind me laughing over here talking eating what they bought . I hear nothing is happening the noise is too big now I'm up and sit on the table on another row.

Nosipho: "Just laugh at us when you are dirty, what are we going to eat you"

Ours: "Even if we were eating people, we wouldn't eat this one, where would we start him like this"

Nosipho: "You know looking for other people's men but she doesn't want to bath"

Ours: "weeh a man who would love someone who smells like this"

They laughed so hard they hated each other

Aphiwe: "Stop guys you are disturbing someone is just learning you see"

Nosipho: "Weeh there's you here I don't know why your friend is enough because you wouldn't be annoying us like this"

Aphiwe: "Hau guys I didn't know that we broke up I thought we were only 4 friends"

Ours: "Ayi you are Sanele's friend not ours"

Nosipho: "Imagine having a friend who preaches to us all the time weeeh never"

I heard the silence saying noah wuuuh it's better the noise dropped my hand was disturbed. I lifted my eyes up I want to see the person who is focusing on me.

Mvikelo: "You stayed alone why are you busy with"

Mendlali: "Finishing yesterday's job I didn't get time at home"

Mvikelo: "Today when you come home bring your books we will write together"

I keep quiet and continue with what I'm doing . He's talking standing behind me and washed his hand on my shoulder holding it on to the table talking beside my ear. He speaks so low.

Mvikelo: "Did you eat it though"

Players: "I dished and ate"

Mvikelo: "I'm coming back now don't go anywhere "

Nosipho should just go and stand up and come to me.

Nosipho: "What did the defense say"

Mendlali: "Even he talks to me he didn't say I should tell you"

Nosipho: "Don't get used to me just by staying for a while with Mvikelo thinking he will love you. I know you wanted him because you were going to act like you were going to work at them yesterday I don't know if you think there is a man who will love someone who doesn't bath like you"

I saw at Mvikelo in front of me carrying bread that is selling meat and fried on the other hand and carrying a can of drink. Let me watch Nosipho and give him.

Nosipho: "Nxa you get home"

I'm quietly watching him go back to his friends.

Mvikelo: "First eat then continue to write"

Mendlali : "I'll eat late "

Wuuuh I just can't eat what I'm looking for.

Mvikelo: "No please eat now until the bell rings I will go out because I see you scared of me"

Mendlali: "Nosipho and his friends will take you"

Let them look at the defense and then he looks at me

Mvikelo: "Relax they won't do anything to you"

When he goes to their home I see them talking then they leave Nosipho walking next to Mvikelo I'm left eating my food until I finish.

🎀 Designer 🎀

I'm quietly watching this lady getting chaotic in my office she's shaking.

Editor: "Wemanyambose you are going to shake so much, where are you going"

Should: "I'm going to gather at other offices before people come back from break"

I stand up close to him and stand on the table and look at him standing with him and he looks down holding his cloth with both hands because I am where he wipes.

Editor: "There is no need to be so hard you will only work in this office"

Should: "which means I'll collect the rest when they're gone this afternoon?" "

I come closer to him and hold his hands the ones he hold the cloth with.

Mlungisi: "Mamthethwa I say you will only work in this office there is nothing else you will use even if you want to eat you will eat everything you want to do you will do for you there is work I want to teach you I don't know why you will enjoy it"

Should: "Anything sir when it's just about my job"

Editor: "Tomorrow please come early in the morning because I want to teach you the work of calculating in and out and in. When I look at your CV I realized that you have gone through education and your results are very good"

Should : "I promise sir I'll be there early tomorrow"

Editor: "Meditor name nyambose please try using this one"

Should: "But it won't sound good because you're my boss I have to respect you"

Editor: "As I said I will put another table here and you will work here with me. "

I saw that he is struggling but I won't let him go to work outside and when he faces wolves take him first no I won't accept that.

Should: "Thank you sir but I'll be fine "

Yoooh this girl is so stubborn this is what I was running away from because I thought she was not going to work in my office. Look now this guy has deceived him he can't hear anything now.

I saw him disappointed but there is nothing I can do, this thing of him and this guy annoys me.

EPISODE 8

🎀 Protection 🎀

We have finished studying with Mendlali it's starting to get dark outside I want to walk him here I am meeting my brother Mlungisi at the door

Defense: "Bafo"

Editor: "Baby I'm not in the mood "

Yoooh I wonder what happened to a brother I know if it's like this there's something that really annoyed him. Because he is a person with secrets it won't be easy to find out what he is.

Mvikelo: "I am going to ask Nkosenhle to accompany us"

I don't like being close to Mendlali alone because I will end up doing something that will ruin my things but I just want to keep her like my sister for now. I went and came back with a plan with the Lord. We got in the car and left we are about to get to the house of the player to see his sisters.

Mendlali: "Mvikelo please take them for me when it's dark it's not safe why can they walk alone at night"

You know these kids will be annoying here but I will take them because says Mendlali I stand next to them and take the window down Cebo because he is sitting where they can.

Tip: "Ladies ladies "

Nosipho: "Ohhh hi how are you"

Tip: "I'm okay get in the car and put you at home"

They run pushing each other into the back and sit.

Zanele: "You helped us you know who was not seen outside, you are not playing with you"

Tip: "Yah you get out of work"

I laughed a little while looking at Mendlali with the car mirror he is smiling. I felt my heart as if someone knew it. I'm quiet listening to the idea of talking to these girls.

Nosipho: "Ohhh I forgot"

Tip: "Where are you coming from this time"

Zanele: "We were just hitting places but we are going home now"

Tip: "mmm i see "

Lord: "Who are you learning we help the little one"

Zanele: "Ohhh hau you say I am not young I am doing grade 10"

Lord: "It's not the same you're about to finish"

Zanele: "Yaah I have pushed there"

Tip: "What name do they call you"

Zanele: "Zanele this is my sister Nosipho"

Cebo: "Ayi you can hear your older sister where is she"

Nosipho: "Ohhh mxm you say that one we don't know she is walking with her men"

How are these children, they can speak their sibling so badly. We have arrived at their home and parked a car that came down and the player was left behind.

Nosipho: "Thank you for the lift"

Tip: "Aw there's no need we're just going to the same place. "

Lord: "Eish Mvikelo I still want to go and close my mother me man we have to go quickly"

Zanele: "Hau you have a girlfriend"

Lord: "No it's not a girl it's going to be my wife soon"

Zanele: "Mxm you are all boring"

He came down and hit the car door.

Nosipho: "thank you guys, go well Byee"

When he came out with him, he keeps shaking, we laugh and walk.

Mvikelo: "Brother we better go home first then leave "

Lord: "Man I'm not going anywhere I wanted to chase these kids away"

Yoooh we laughed so hard you know my brothers will amaze you.

🎀 Designer 🎀

I'm sitting in the car taking out my phone and it says it's busy and then it says it's busy. Waiting for a while to see him driving and catch him.

Should be: "Hello"

Editor: "I'm outside "

And then I shut it down . I haven't been so angry in a long time, if Mangcobo is not willing to break up with this man, I can see that me and him are still going to fight each other. I heard a person knocking on the window and I opened the door on the side that he should get in and then turn sideways and close. I look at him I see he's tired "

Should be: "Sir I thought you and I were put together for work not much"

You see his mind will annoy me I can see slowly he wants to see my heart but I will beg myself.

Editor: "Mapholoba can we talk"

Gotta : "listen to me"

Correct him: "Calm down Mangcobo we won't talk about what's ahead if you're so tired"

I watched him quietly and I was silent until I realized that he has forgotten a little bit.

Mlungisi: "Mapholoba please don't get me wrong but please don't you bring a man into your life"

Should: "I thought we just talked about that this morning"

Editor: "I know but please promise me that there is no one you will bring into your life"

Must: "I can't promise you that because I'm also a human at the end of the day I should be happy "

Editor: "May I please make you happy all that the person you want to bring into your life can I do it"

I look at him and I see he is confused this speech of mine confuses me I know I am not a piggy by the mouth but right now I am trying.

Must: "I don't understand what you say sir"

Editor: "Mapholoba can Mr and Sir be left at work right now you have a fixer"

Should: "Sorry it's not familiar "

Editor: "please try mapholoba . I know what I'm asking is hard but please let's try "

Should: "What will your girlfriend say when you see a girl I don't see what you are trying to do"

Eish if there is a story about Melisa, I have to tell her to break up.

Editor: "I'll break up with Fuze"

Must: "Sir eish Mlungisi I don't like to be the cause of another woman's tears please don't abandon her continue loving each other"

This is the thing of his stubbornness I don't want. I can see his intention is to continue with this guy what I won't admit still his phone rings. Looks at her smile and she caught it.

Should be : "Hello "

"I ended up saying you'll come back to me someone is busy so I can see that it's been a few minutes mom you're not back"

Should : " I'm still doing something "

"What are you so busy with manyambose"

I felt disgusted I opened the car door and went out and got some air and then I went inside and found him talking to it and took the phone off.

Fanele:"And then "

Editor: "Not in my car you should "

Wuuuh for the first time I call her by name I see she is also shocked but she tried to be strong.

Must: "What's happening now"

Editor: "You can't talk to a man in front of me"

Must: "Brother the fixer the guy I'm talking to is not my man he's just proposing me "

Editor: "Oh my car if he wants to approach you let him approach you to his not mine"

He just laughs not knowing what's funny in what I just said.

Should : "when I'm no longer driving in his car I was told my big brother doesn't want me to ride cars I don't know but I'll tell him that he wants again"

Haaa there is a miracle he says I am his brother now

Editor: "I see this thing is going far please respect my request"

Should be: "Ayi okay big brother I won't do shit in front of you anymore. "

Editor: "Let's get some fresh air I'll bring you back "

Should be: " At night like this"

Editor: "Relax nothing bad will happen to you we will come back soon"

Should be: "No I can't I'm not even wearing a jersey "

I took mine off and gave it to him .

Editor: "Please we will come back now"

Let her head let me remove the car and let's go.

It's so bad out here it's raining thundering and blowing. Standing on the veranda of my house with Fanele. I thought I was taking him to one of the restaurants and now we are going crazy with the weather turning on us and we saw it better to take a little while waiting for it to pass. I see he is scared which means he is the type that doesn't like heaven. She is shaking and wrapped herself in my jersey. I would say it's cold but the problem is it's not cold. I'm in my thoughts I'm distracted by the lightning that hit so hard and torn in front of our feet and the water was spilled and ended up in the swimming pool. I don't know when he came to me I should see him holding me and

knocking at me. You can even hear the way his heart beats that he is scared. You'd swear it's horses running around his chest. Sibhakuza mawala , heart beats close . I felt mine melting for the first time she was so close to me no let me use this opportunity to show her the love I have for her. I hold her and strengthen her with the intention of protecting her from the fear she has. He is hiding himself from me with his face, he is even afraid of its light, who is this light.

Editor: "Mapholobo please come inside it is not safe to be outside in this bad weather"

Luckily he doesn't know his stubbornness let me open the door and we get in.

Must: "Please cover the tv and remove the glitter"

He's shocked he can even hear him talking that he's scared. Pulled the towel on top of the couch and covered it with tv. I removed the dishes of the flower seating. I went wrong by trying to carry three at the same time and the other one falls down. I'm putting the rest down early and try to pick up the bottles on the floor. Here's a drinker trying to help me.

Editor: "Mangcobo you can be free these are small things I will fix them... "

I didn't even finish the last one we were distracted by the screaming voice

"Who is that rich"

Can you hear that it is coming to the side where we are with foot steps can you hear that this person is near and he just appears. Ohhhh Jesus when did Melissa get here?? Why didn't he say he was coming?? See this wasn't a good idea to give the keys to this house. Let him run he will miss them on me. I'm upset but what am I going to say, Mangcobo won't hear anything now.

Melissa : "Mluna I've been calling you and don't answer my calls and who's this"

Pointing you deserve with your head. I'm quiet and paying the air. Fanele is still standing, you can see she wasn't expecting what she didn't see here, I fixed my throat well.

Editor: "Fanele from Ngcobo we work together"

Melissa: "So you're going to look here when she doesn't have a man she just followed you"

Editor: "Melissa look can we talk about that again for now please keep this heaven pass I'll be sending her to them"

Melissa : "E ena call her man to pick her up and she won't stay here I don't want her"

Editor: "Well Melissa that's not a way to talk"

Melissa: "What do you want me to say she wants me to stay here and I don't want to do that I don't want her to go here I don't want her I don't know where she was going"

He is still standing where he is standing and Fanele is always saying he wants to talk but there are no words.

Should: "Sir okay ima go see how i get home"

Editor: "You must never walk alone at night like this, I am not saying you will be fetched by me at your home... "

Melissa: "Ohhh where were you the one who picked her up, where were you taking her here or what you used to do when I'm not here. Listen here you will walk out the door you entered before I did something I will regret"

Editor: "You should please stop a minute Melissa let's talk"

I tried to pull her with my arm

Melissa: "Leave me alone groomer I'm not going anywhere before you leave my house. "I don't want you here, you don't leave me"

He's kicking in my hand straight to my hand he must come and kick him then open the door I hold him back and get in between them.

Editor: "What you are doing is not necessary we should work together nothing else I wanted us to talk about work there are things I wanted to teach him since he was about to look for company's funds. "

I can feel myself sweating inside . There is no other opportunity I would use to tell Mangcobo about my feelings except the one that has missed me. I don't think she's going to admit I'm telling her after what Melissa is doing here.

Editor: "Mapholoba can we please... "

Melissa: "Heee ay no things happen you Mlungisi Mapholoba what did that one did I thought you were working together he doesn't have a name this person who is being admired"

Melissa is just coming down to me but I won't admit that I just don't want a woman to ride on my head. Yes I really respect him but I don't want what he does here. I know I had a mistake to bring Fanele here but if I knew she was there I wouldn't have come with her.

Editor: "Melissa!!!" "

Melissa: "You hear Melissa Melissa but there are people called Mapholoba ay you ate Mapholoba I wonder why you bath girl that makes other people's men follow you like this"

I don't know when Fanele came to Melissa and I saw her standing in front of her facing eye lashes.

Should: "Sister of people you and I don't know each other I think you're the first time seeing me. You don't even know what I put here so please don't take each other that way . There is nothing I can do with your man, we are together with work, if we were dating I wouldn't have come here knowing very well that you are there so please don't come down"

Melissa: "There is nothing Mlu can do and you are not even on his level I don't even know how he entered my house he will leave me a drunkard"

Should : " you know Sir I'm leaving "

Turns out she's a good go person pulling Melissa's jacket.

Melissa: "Wait you can't leave sis even if it's not yours. "Take off my man's jacket and go away"

Fanele takes it off and throws it at him then comes out I follow him at the back it's night now.

Melissa : "Hey you Fixer don't drive me crazy where are you going"

You know Melissa I don't know what she wants from me please come out I pull the door and lock her inside .

Editor: "Mapholoba sorry mom please get in the car so that I can take you home "

Must: "Fixer please leave me alone I'm just enough for your drama today"

He takes out his phone so I can see him trying to call and I cancel the call he was trying to make.

Must: "Please my phone I want to go away"

Editor: "Mapholoba don't do what you are doing let's fix this situation first"

Melissa : "Hey you Fixer please open the door I want to go out "

Screaming inside hitting the door so hard.

Editor: "Get in the car I'll take you"

Must: "I'll walk free"

Took my phone out and call me .

Editor: "Man please hurry to my place now"

Shut it up and put it in my pocket . It has not stopped raining, it is still raining even now we are wet. Meanwhile the electricity goes out and it's dark everywhere and nothing can be seen until it's covered with clouds mixed in the dark.

Melissa: "Mlungisi please it's dark here I'm afraid of being alone please open it"

We don't see each other now there's a power outage that hit badly then it's home here in the yard that's where I got a chance to see that Fanele is hiding through the wall of the house and the electricity is running away from. Car lights are on so I hurry to open the gate and stop inside.

Cebolenkosi: "Show it brother"

Editor: "Brother I have a problem here but we will talk well tomorrow please take Mapholoba home for me"

Cebo: "Who is Mapholoba now, why don't you take her because she is here"

Melissa: "You fixer I'm going to break this door if you don't open here what do you hear"

Editor: "You see that's what made me call this man. Please take Mendlali's sister home for me brother please "

Cebolenkosi: "But you man where did you take someone's child here you know better than your madness"

Editor: "I didn't know that this man was here I found him inside"

Cebolenkosi: "This is a problem with this girl you have to explain what she is doing, we are all watching this child"

Editor: "You see man you're going wrong now what you're trying will lie to us"

Cebolenkosi: "I'm joking guys where is your person now"

I'm closer to where Fanele is so that I can lift him up as he was hiding while he was hiding.

Editor: "Mapholoba Cebo will take you home"

He doesn't answer I pull him with my arm and take him to Cebo's car I open the door and Cebo comes in and they go straight to the house I open and enter.

Melissa : "Ohhh you done with your girlfriend you are making me a fool you think you better come back to me"

Editor: "Not today Melissa please I'm not in the mood for your madness"

Early heading to the guest room and I walk in with the keys. I can hear her hitting the door and talking but I will ignore her I don't know what I really wanted from this crazy girl. I regret it now .

EPISODE 10

🎀 It's a must 🎀

I'm woken up by someone's door knocking. When I lift my head up it's heavy let me try and wake up and go open.

Mendlali: "Sis I'm sorry to disturb you I'm going to ask if you're not at work today"

Should be: "What time is it sis"

Players: "It will be 7 now"

I can't even hear what he is saying, I hurry up to the bath, bath, hurry up and fix the bed, get dressed and go out and pass Nosipho and Zanele waiting for their car Mendlali has already left.

Zanele: "Ayi they gave you well yesterday girl you even forgot that you are working"

Nosipho: "I wonder this is the one who vove you like this"

I heard my heart say shifi when I think of yesterday's incident. I remembered that my phone ended up being left on the repairer who asked me to call. Eish that's why the arlam didn't cry. I'm fast now luckily a taxi came I wonder what happened today because it's not normal that he was there at this time in this place. My whole body hurts I feel I'm having flu which means the rain I was in yesterday. Wuuh aycha you made me a fixer I thank you. The taxi is always in the city I am far away from thinking and I see because it's being paid that we have arrived. Pay me and break up and go to the company I'm also dragging myself my body is not allowed it's too late now. Walked in and knocked at the office and she opened.

🎀 Designer 🎀

At my office just opened up she must have the door looks like she's in today. You don't ask her her face tells the whole story

Fanele: "Morning sir "

He shouldn't wait for an answer to pass by his desk and prepare well and sit down and pull the books and start working for him.

Editor: "Mangcobo is late today this is not the time to enter"

Must: "If you didn't take my iPhone the arlam would have woken me up"

I stand up from my chair to his desk I stand and fold the chair and he looks at me and bend trying to fit him.

Editor: "Mapholoba I know a lot has happened in a short period of time but please believe me when I say it wasn't my intention"

Must: "I don't need to explain I was wrong I shouldn't let you remove me from home I'm sorry and cheating you with your wife I didn't know it would end if I knew I wouldn't allow to come inside"

Here's something I didn't want to get into his head again just to know that I have a partner I didn't want that to happen. I was willing to leave Melissa so I can start well with her and it is like this.

Mlungisi: "Fuzelihle I don't have a bride, I'm not yet married and Melissa is talking about, we were just cooperating in love but our thing is getting worse then I decided to leave her"

Should: "I don't think you should be talking to me about your business sir . What happened yesterday may we take it like never before"

Editor: "Can I take you out for lunch and show you how sorry I am"

Should: "Sir please see what happened to me I don't want to do it again please me and you have been put together with work there is no need for lunch I forgive you"

Editor: "Mapholoba please don't lock me out I know it was my mistake but I didn't mean to bring you problems in your life"

Should you hear me Mr. Mkhwanazi can I work now, please borrow me my phone"

I went to my desk and took it and gave it to him. Let it light it and watch it with many missed calls and open it. Lift his head up and look at me.

Should: "Sir I thought you and I respect each other why did you answer my phone "

Editor: "I shouldn't let the boys play you like that I had to put that person in his place and move around you"

She touches her phone and calls it quickly.

"Finally you done what you were doing with your partner"

Should: "I didn't hear it"

"No the last time I called your partner and you told me to stop disturbing you I was surprised because I knew you were a reed girl and I asked if you were single and you said no you are still keeping yourself but it doesn't matter because I have found the truth it's okay you were fine I didn't know that there are still virgins of authority in this place hau you embarrassed yourself sister stop trusting me while you are hiding a stick "In the process"

It's just us tuuh tuuh. Let him stand up and see him bumping his chest. He's tired he's exploding now.

Should: "Sir why do you do what you do"

I'm going to sit on my chair and turn around and see him drinking in front of me.

Should: "That's the reason why you gave me a job because I'm poor you think it's better to take advantage of me"

Yoooh I have also reached this point who is confusing me is now. This person is crying now. I knew what I did was wrong but I wasn't expecting it and didn't intend to make him cry and stand and look at him. Tears are coming down.

Should: "If you told me in the first place that you're going to treat me like this I wouldn't take your job." How are people going to look at me now knowing that I have boys at night. Do you know that I walk in Mhlanga what will people say if they don't hear what you told this person. He thinks he will keep quiet without saying anything when he sees me walking with girls"

It seems like it's going up now I regret what I put myself in. I hold her hand with the intention of calm her down let's pull it down and let it go.

Should: "Okay because I think there's a lot going to happen here at home I'm leaving I'm going to keep minding my own job"

Words would rather run out of me and go to his desk and pull his wallet and go out the door and hold him.

Editor: "Mapholoba well mom don't take it seriously I would like to fix this all"

Must: "Fixer please let me go "

Editor: "I can't let you go in this situation what will people say when you go outside"

Should: "People won't help me with anything I don't care about them I came home alone I didn't come with them please leave me alone I want to go"

Editor: "Please calm down Mashiyamahle. Let me fix the damage I've caused. "

Must: "Nothing will be fine sir can I go I want to go and file my cv before it's too late"

My heart hurts as if there is someone who spear it with a spear and keep stabbing it every time and pressing it. I found myself kneeling in front of him. I can see this person is getting away from me but it was good for him to be next to me. If I let him go I will never find him again.

Editor:"Mapholoba ,Fuzelihle ,Mashiyamahle as if they are going to preach please forgive me princess. I took it and stumbled but I can't see myself. I know I've done a lot you've taken your spirit away but trust me when I say I didn't do it on purpose. I thought I was trying to understand the situation only to find out I have a bracket. I know it's not

easy for you to forgive me after all you've seen and heard about me but I hope in time you'll see that I'm not a bad person. Not because I was ruining things for you I thought I was trying because of having good wishes for you I thought I was protecting you but I am now vomiting. Please lady please feel sorry for what I have done for you so that at the end of the day don't get addicted to things that won't help you. Because of the love I have for you I will let you go wherever you want to go and make your heart melt but what I want to know is that every time my hands will always be open whenever you need something come to me I will help you with white hands. Go well and know that you have a special place in my heart "

I let him go and see him walk out the door. I'm left on my knees like that it's a dream I didn't expect things to be like this. After so many attempts everything has just fallen into a good dog's nervousness.

EPISODE 11

🎀 Protection 🎀

On my way to cook for Mendlali at them. My father gave him money and told him to give his mother to tell him what he is doing. Decided to go for a walk today I want to have enough time to talk to him. I brought her books and she just drives them.

Mvikelo: "You know your presence around me makes a big difference just look at the test we wrote yesterday how I passed it so much"

Mendlali: "You even passed with me"

Mvikelo: "Not just trying I wanted you to see that you are not wasting your time"

Mendlali: "Mmm I see I hope your dad is happy"

Mvikelo: "It was too much that he should lift me up in the spirit"

Mendlali: "I wish I had the opportunity to have a father in my life"

Defense: "Everything is God's plan"

Mendlali: "It's easy for you to say that God didn't think of me he chose to make me an orphan when I was young. I thought maybe one day a person will be called my father and now there is nothing I wonder what I did to this so much that he denied me before I was born"

Mvikelo: "Please don't think too much we will pass this situation it will be like a dream"

Mendlali: "He didn't end up hurting me because of not knowing my father, he took my mother from me when I was young and left me as a punishment in this world, I am just something, I don't have a guard, I don't have a speaker, anyone does it for me. "

I'm quietly watching him speaking in a low voice this thing is breaking his spirit. You know I didn't know that talking about my father can cause him so many wounds but I will stand with him and fight this situation I wish him success he has been through a lot when he was young.

Mendlali: "Let's go through my sorrow so tell me why do you think of going to study when you finish school"

Mvikelo: "Me relax with me I'm going to get into my home business"

Mendlali: "Mmm I hear you have planned your life"

Mvikelo: "It's not just that things happen, why are you going to study"

Mendlali: "I have placed all my hopes to my sister Fanele if she will have money and the creator if she remembers me I would like to be a doctor or a welfare"

Mvikelo: "Mmm no I hear there's a strong reason why you choose those things"

Mendlali: "Yeah you see the way I felt pain when we took my mother to hospital she was sick it didn't give me peace it made me wish to be a doctor but it's well I just want to help children with the same condition and give them better homes without being abused"

We are standing now I can see today he is free talking about something he is not used to. I won't let me escape this opportunity is the opportunity to get all that is in between him and his desires so I can know how to help him.

Mvikelo: "Where was little when you took mom"

Mendlali: "Ey mvikelo I don't want to say that it causes me wounds when I think my mother died in my arms I put her on a bed sitting in the clinic batches and they keep saying let's wait for the bed while it's still full. Even the lady should have been in a hurry to buy some papers. His soul went out of my hands looking at him I can't see any pain that I will feel more than all the wishes and dreams I had for my mother are perishing. "

Mvikelo: "Eish I can just imagine the hardship you have been through is not easy to get sick as a parent as a child without anyone helping you"

Mendlali: "He helped himself and my mother was sick for a long time because I don't know where I would get the money to take her to the clinic every time. I am still asking myself what happened to him because he slept well and woke up in the morning crying about his head I went to school and came back it made him stronger he rushed us to the clinic only to find that he is not coming home"

He is crying now I am closer to him I hold him and put him on my chest and calm him down. The pain she went through I don't think I can stand it. This child's life is hard it's even hard to ask him many things because everything comes with pain but slowly we will take this road he will trust me and feel safe with me and open his chest that's where I will know where to start and help him for now I'm focusing on comforting him in the little things I trust. She is crying I hear she has a lokozone I can feel it's hot in my eyes but I tried to hold my eyelashes I must be strong so I can hold her knees tight. Time stops there until I feel that his spirit has lowered, let me let him go and hold his hands and look at him upside down.

Mendlali: "I'm sorry to shed tears it just happened I didn't mean it"

I lift my hands and wipe my tears with my thumbs I can see it's hard to look at me.

Mvikelo: "There is no need to apologize Mendlali when I'm with you I feel safe everything in my chest I can take it out I trust you too please trust me"

Mendlali: "It's dark please let's share"

When he says he is walking I pull him with my arm and then I lend him to me and hold him tight.

Mvikelo: "Whatever you need let me know I'm willing to help you in everything I want you to know that I'll always be there when you need me"

He agrees with his head so many times I let him take his books down where I put them then we leave.

🎀 Beautiful princess 🎀

We are chilling with my brothers Mvikelo only who is not accompanying Mendlali. He scarce we accompany him today he said he will walk alone. We will set fire as usual we are just telling ourselves but the big brother is clear that he is not where we are he is just in his arms. He hasn't been talking anything since we have arrived here he is just quiet.

Nkosenhle: "Awu you can't tell us what is eating you"

Let him keep quiet it seems that he doesn't listen to me and what to say let him move Cebo.

Cebolenkosi: "big brother what's happening"

She swears as if she brings back her mind

Editor: "Brother you're talking"

Cebolenkosi: "My brother you know what can be defeated by men is reported what is eating you my father's child"

Editor: "Ey brother it's bad I don't even know where to start everything is messed up"

Lord: "Oh brother you shocked me now what's happening"

Editor: "Ey man it sucks"

Cebolenkosi: "Mendlali's sister? "

Editor: "Yah my brother he has quit working I don't know what to do now I love him now the problem is he escapes me"

Cebolenkosi: "I don't see but man it can still be fine after what Melissa said to her, it's hard brother"

Nkosenhle: "So brother I can talk to you and you know me too"

Editor: "Lord I'm not playing here I'm serious . Ey brother I have made many mistakes to this person I don't know if he will forgive me but I will never stop trying I love that child brother"

Nkosenhle: "What will Melissa say about hers because she won't agree easily when you say you're leaving her"

Editor: "I'll see Melissa's story again brother I'm dating Mapholoba"

Cebolenkosi: "You know brother I would say you should first stand a little with Mapholoba and get used to Melissa first"

Nkosenhle : " Cebo is right brother don't put someone's child in trouble Melissa is crazy she can do anything she can kill her even kill her do you remember what you did to the girl who was your PA. A poor child has quit his job and ran away trying to kill him now brother don't do that to that poor child"

Editor: "Ey guys I hear what my problem was when I was dealing with Melissa when I was not paying attention to her, there are people who will take her. "

Nkosenhle: "Just give me that chance brother I will take care of you and I will not finish him too much"

Cebolenkosi: "Lord we are not playing here we are talking serious things"

Nkosenhle: "I can hear you brother how do you think to stop this matter"

Editor: "I will start with the polloba brother and beg her when it's okay I will stop on her for a while I'm confused with Melissa's story I don't know why I was tempted until I slept with this girl because she has stuck on me until I took her as my girlfriend and I don't know I'm bringing madness into my life. "

Cebolenkosi: "There is no time to regret now man let's get out of this beach and see what next"

Editor: "You right bro let me go check him"

Let brother Mlungisi stand up and go to the house we are left with Cebo eating meat.

EPISODE 12

🎀It's a must🎀

In the kitchen just washed the dishes that was dinner tonight. I'm going to do all the work of this home as Mendlali is about to write his end of year exams just have to make sure he has enough time to study. I'm done going to my room I'm going to sleep because I'm already bathed. As I was fixing the bed and my phone rings I took it and looked at it ohhh the fixer . I close it and put it aside and it cries and I close it again. When I'm asked to sleep I say leeeleeh cry and I take it and look at a number I don't know and I might be a fixer but I'll say I'm quitting it but it's where I put my cvs on, I'm cutting myself and holding it.

Should be: "Hello"

Editor: "Mapholoba"

Should be: "Hau is it you"

Editor: "Please don't close the poles please I'm out here "

Must: "Where are you outside"

Editor: " please come out and I come to you "

Should: "Fixer my home this has a law I will not do it myself, even if I go out at night I disrespecting the law of this house so please don't make me a bad person in the eyes of people"

Editor: "I hear you princess I promise you and last time I take you out at this time please give me a second I won't take long"

Should be: "Come back tomorrow afternoon while I'm sleeping"

I switched off my phone and continue to sleep you know this person is annoying me I don't know what he wants from me because he has his own partner but the other side says I should talk to him and take me back to work but I'm not working in the same

place with him. I woke up wearing my jersey and changed my shorts to put on a skirt and then I went out wuuuh umaah still watching tv.

Girl: "You have to be clear who is a woman between me and you in this house I can see you are doing it yourself and leaving at the time you like here at home"

Should: "Sorry Mom I'm going to a small house, where are the Nosipho's I don't see them in their houses"

Girl: "Where do you meet Nosipho and you are not there or where do you enter"

Should: "I was just asking but I'm coming back "

I went out the gate and actually saw her car standing up and knocked on the window. He takes some time to open and get in the car and sit down .

Editor: "Mapholoba thank you for respecting my request"

Must: "I'm in a hurry please hurry up to my mom I'm going to a tiny house"

Editor: "Who is the one who is so wrong when he said he is going to the shop today he says he is going to a small house"

Should: "Don't worry it was the last time I won't name it anymore"

Editor: "I'm not saying wrong princess I got this for you"

He pulls a shekhasi in the back seat and give me a welcome thank you.

Editor: "I don't know if you deserve your forgiveness but please mom forgive me today at work was very difficult not the same as always your space is clear"

I feel like I'm not happy when he talks about my job space but the problem is that I won't work with him. Yes I need it so bad since I haven't been called anywhere I need money .

Should: "Fine I'll go back to work but there'll be goals"

Editor: "I will do anything Mapholoba as long as you will forgive me"

Must: "Can I work for my place even if I can stay with someone else but as long as I can't be near you"

Mlungisi: "Hau but Fuzelihle you hate me so much that you don't even want to see me next to you"

Should: "I don't hate you nor hold grudges for you I avoid quarrels between us because when we are together we always fight"

Let him get a little closer to me and hold my hand.

Editor: "Fuze it's not that I like arguing with you it's just that I'm jealous of you I wish no one could come close to you. If it was possible I would lock you in a bottle and you would only see me"

Must: "Anyway but can I change the workplace"

Editor: "Mashiyamahle I know it's hard to believe what I take out of my mouth but please don't leave my side my happiness lies in your hands if you are not around me I'm not happy at all"

Should: "Ayi you are confusing me now as if we are talking about different things"

Editor: "Fuze I tried mother and failed, I've been patient for a long time but my feelings are fighting me I'm saying let me choose to follow my heart where I'm pointing me"

Should: "I don't know why you told me this but it follows your heart brother"

Editor: "It seems like it's pointing me closer mother there's no turning back now I'd rather die once"

Should be: "Aibo no way, don't die here at home"

Editor: "I love you Fuze the love I have for you I can't compare it to anything. I thought if you get used to me it will go down but no it just lasts every minute every time I have I wish I could spend it with you my happiness is brought to see you near me"

I kept quiet and looked at him he confuses me now the Mlungisi has a person and I have never looked at him with that way I was just seeing a brother who helped me and gave me a job I was busy.

Must: "I don't feel well now it's like I'm leaving I thought you have a partner in love with"

Editor: "I will not guarantee you that we are together but what I will guarantee is that I will protect you mapoloba with everything I have. I need someone like you in my life . A person who knows that a man is obedient and respected. I don't like the noise mother . That's why I'm always with you the way your calm spirit washes my heart"

Should: "It's like it's going to be harder than what you start"

Editor: "Everything has a beginning mother we will also start from here all the problems we will face we will cooperate I know when I am with you nothing will defeat us you are my last hope mapoloba please help me escape from this trap that is holding me"

I'm quietly watching him as he speaks you know men just when they see us they see toys. Yesterday this person was swearing at me and today he is going to report his love to me no things happen.

Nosipho: "Aycha you're busy girl these days you change cars around"

Zanele: "I agreed you sister, I wonder what do you call these men"

Nosipho: "There is nothing else you blow in the wind"

Zanele: "No I'm going to tell my mother that she's standing with a man on the road"

They just left them. I don't even know when they got here . I am standing standing and saying I am going to pull me and the repairman should lean on me if Nosipho saw that this is the repairman I would die today it has helped that it is dignified

Editor: "Leave them alone mom"

Should: "You're going to shout at me mom"

Editor: "I'll carry those sides mom let me just feel your warmth so that the last time you see me"

What is happening with me this person right now I was annoyed with him but I am so easy for him. I know she has her own partner but I let her hold me like that . I think I found myself smiling alone when I think of a fixer I warn myself where does this feeling come from now I have about this guy because I was not looking at him with the eye of love I will have to hold myself I can't run so fast. Ohhh I have forgotten the plastic he brought for me in the car but maybe he will remember to keep it for me. Think about me until I jump.

EPISODE 13

🎀 It's a must 🎀

It's early now I'm done dressing now we're going out with Mendlali he's going to school I'm going to work.

Mendlali: "May you have a good day sister this morning you are smiling"

Should be: "Well sis you playing with me you know I'm always laughing "

Mendali: "But today's is different"

We came out of the gate and I was confused by the car we didn't know standing, we passed a little bit and the door opened and the brother from Mkhwanazi came out.

Nkosenhle: "Miss Fanele Ngcobo was sent by our brother Mr Mlungisi Mkhwanazi he said we should not fetch Ndlunkulu and take him to work it is not right for him to ride public transport"

But what kind of boy did he even bow his head and also bow a little as if he respects the lord. Found myself smiling no I wasn't expecting this . Let me open the door and go in and run to the other side.

Nkosenhle: "Come here my future bride"

He looks at the player and then he gets into the case he is opened to. He gets in the car and takes it off.

Cebolenkosi: "Beloved from Shamase, are you well ladies"

Should: "We are alive without hearing from your home"

Wuuuh but why should I respond because the loved ones from Mkhwanazi said I'm quietly looking down.

Cebolenkosi: "Don't regret the bride you are. No but I don't blame my brother he should be crazy like this if it was me I would be crazy"

Nkosenhle: "Aw men are getting married by Mlungisi and Mvikelo we are left with men when are you getting married"

Cebolenkosi: "Man I'm still looking for mine too Manyambose as if it's going well when you take what's needed"

I laughed a little upside down no they embarrassed me with their speech . The car went and put the player down and Nkosenhle opened the door for him"

Nkosenhle: "Take care of my brother's heart queen"

Mandlali: "Thank you and have a safe trip"

Cebolenkosi: "We are not thanked by mouth we are Shamase just thank us for taking good care of our brother"

I don't understand what they say but I won't ask because I'm afraid of them. He gets in the car and takes me to work.

Cebolenkosi: "Oh my bride you will smile all the way because you have started while your brother is looking at you even if he is not around you"

Nkosenhle: "Don't mind this bride you are bad tell me what you did to her brother yesterday she came with happiness written on her face and even washed the dishes what she did not do"

Looking out the window catching a laugh

Nkosenhle: "If you have given someone, we would be happy that you gave them, we like to see them like that"

Cebolenkosi: "When was the last time you saw him laughing until he showed his teeth"

Nkosenhle: "You are playing with me because I'm here you hired me and I'm just paid man"

Cebolenkosi: "Ayi you fetch the bride from far as if you have been disturbed even in the head of the things he did yesterday"

Nkosenhle: "But in everything no thank you my wife we ask you to take care of our brother. I don't want to play with you, you are loved by Mashukumbela, you are the first one who does what he does.

Cebolenkosi: "There is my brother in law you loved you congratulations our young man is so lovely we know you will stay here in the palm of his hand he will treat you like an egg"

Nkosenhle: "Now when are they going to beat them we can't wait for 12 in the long time and I haven't seen Shamase's confusion"

Cebolenkosi: "It is now a bride who will hold the position of Mamdluli our mother who left us on earth and left us without a mother"

I saw that we have arrived and this guy will open the door.

Nkosenhle : "Ndlunkulu whatever you need call us we will come wherever you are and whenever we are afraid of our brother he will kill us if we don't give you what you want"

I laughed a little bit and watched them .

Must: "Thanks and safe travels"

Nkosenhle: "Ayi we are waiting for you here brother said we are watching over you"

Should: "Well if you say that it's okay I'm going to see the guy who hired me bodyguards "

Follow me and leave them standing .

🎀 Designer 🎀

Nkosenhle: "Well guys it's up to you we have done our thing and your bride is coming there"

Cebolenkosi: "You will pay"

Lmao off the phone get up and fix myself then sit down . I heard someone knocking on the door.

Editor: "Come In"

She opened I can hear her perfume that she is inside.

Must: "Goodmorning sir"

Wake me up and look at him upside down I stand closer to him take his bag and put it on my table and hold both hands.

Editor: "Fuze, sleep well mom"

Should be: "I slept well "

He's still upside down he doesn't even want to wake up his face

Mlungisi: "Oh but Mapholoba you no longer ask me how I slept but it's okay if you sleep well I'm comfortable that's why there's a part of me that wasn't near me so I found myself not enjoying sleeping but because you're in front of me all that was bothering me is gone"

I lifted her face up and look at me

Editor: "I'm still the Editor you were shouting so nice yesterday mom please repeat something I want to see today"

Must: "Please work it's too late"

Editor: "I thought you don't like working with me anymore so I took out your desk and set up your place alone"

I saw him being sad and laughed a little bit you know women sometimes don't know what they want.

Should: "Ohhh no problem thank you "

Let him let go of my hands and go and open the door when it's locked.

Must: "Please open it for me"

Editor: "Where are you from the Mangcobo"

Should: "I'm going to work"

Editor: "I haven't even shown you the office but mom you're leaving"

He keeps quiet and stands at the door I see he is tired I come closer to him I bend slowly and look in his eyes.

Editor: "Fuze don't make decisions when you are angry mom you see now you are angry that I told you to move your table but you wanted it yesterday"

Should: "I'm not tired of it just that I didn't expect you to do it this fast"

Editor: "I won't let you leave my side." I took this table out because we don't need it anymore we'll use this together come sit next to me mom"

I pulled her hand and threw her a chair and she sits down. We first discussed this and this about work. He takes my phone and looks at the time when he says he's laying it and it just rings and looks away. I took it and watched it eish what Melissa want now I shut it down.

Editor: "Fuzelihle please mom give me some time to fix this situation please trust me I have nothing to do with you anymore I want you now"

Let him just keep quiet and look aside I hold his hand.

Editor: "I love you Fuze don't let the heartbreak ruin this beautiful thing of ours I am here with you I am not going anywhere I know there are many thoughts in your head but please keep those thoughts right now let's appreciate our love"

And it's still Melissa I took it as an answer and put it on the loud speaker.

Editor: "Melissa I'm still busy what's up"

Melissa : "Fixer I'm downstairs these people don't want to let me pass me here"

Editor: "Where are you heading"

Melissa: "I came for you baby please tell them to open it for me"

Editor: "Okay tell them I told them to open it for you"

I switched off the phone and watched Fanele I see she's a shock but it's seen.

EPISODE 14

🎀It's a must🎀

I'm just quiet listening to the Mlungisi and his partner talking. I'm already annoyed I don't know if she's jealous or anything but this girl's call has annoyed me I heard because she is knocking on the door and the fixer stand up and open.

Melissa: "Aibo get out the door I want to walk in"

Editor: "Melissa what brought you here"

Melissa: "Since when did you ask me what I'm going to do here because I always get there"

Editor: "I can't get you in busy"

Let the repairer rush and get inside.

Melissa: "Ohhh so you refuse to open for me and lock this thing inside here. Why did you open the windows you know there is something that smells, you have bathed girl in the morning"

You know this is my miracle you know this lady is taking me to work without bathing.
Editor: "Melissa leave what you are doing it won't help you with anything"
Melissa: "You'll be quiet I don't know what you're following in the dirt that doesn't bath"
Editor: "His name is worthy and you will respect him if you don't want that you will leave me in my office"
Melissa: "Fanyeleye Fanyeleye what did you just do what do you want here"
Editor: "I have warned you for the last time you hear stop disrespecting mapoloba"
Let's get closer to the Mlungisi and stick to him I'm just watching this dramatic girl.
Melissa: "Mluna don't let this make us argue just look at me now you're shouting for it kick it away"
I laughed a little bit and looked away you know the events that happen to me today.
Melissa: "Why would you be so strong if you knew how to get closer to my man you wouldn't smell him saying this is me, right babe?" "
Let the fixer keep quiet I stand up and open the door ohhh he has locked again
Must: "Fixer can I get out"
Melissa: "Go out and blow us with the air it smells like that"
Should : "I'm not talking to you "
Melissa: "Don't get used to me thinking you're the one who wants men who don't want you"
Editor: "Mapholoba come and sit down"
Must: "I still want to get some fresh air and get hot"
Melissa: "you get burned because you don't bath if you bath you wouldn't feel the heat"
Turned back to this lady standing next to her
Should: "Sister of the poor is making people fight"
Melissa: "Nothing is going to make you and me fight." Just leave my man sister he doesn't want you he wants me alone"
I laughed a little bit and watched him smh.
Should be: "It doesn't want me"
Melissa: "Of course it doesn't want you, you follow it even when it ignores you, you just leave it alone sister and go and bath then you start looking for your own man"
You know today I'm going to teach this girl a lesson I want her to share. I come from the side of it and come closer to the fixer I stand before him and bow my head to him.
Melissa: "you crazy leave my man alone "
It says it hits me with something metal that decorated the table and the fixer holds the hand.
Editor: "not to my wife Melissa "
Melissa : "Your stinking wife where do you get her"
Editor: "I am happy to hear that you know that I didn't have a wife now I have dumped her and I love her there's nothing you can do about that"
It's quiet and stares at me sweating it keeps on asking you to see that it's tired and dying.
Should: "The fixer promised to protect me with all that you have"
Melissa: "No no I'm tempted you're making promises and this"
Editor: "I promised you Mapholoba I will fulfill my promise "
Melisa comes closer and hold his hand and the Mlungisi strengthens him and shout.
Melissa: "Fixer you are hurting me you are hurting me what you know yesterday after so many things we have been through you will show me this"
You know this girl is tapping me a little I'm going to show her.

Should be: "Fixer"

Editor: "And I'm going to fix this situation relax"

Should: "I love you too Lord's son"

Melissa: "Whose man do you like you know me you don't know me well you see you will know me now I don't do that"

Let's get closer and want to pull me and answer the flat repairer.

Editor: "Mapholoba don't play with me mom you know how I long to hear those words from you"

I don't say anything and kiss her on the lips and stand well . The fixer is still standing it seems she wasn't expecting this I was not in her plans this girl pushed me

Melissa: "Fixer you are doing this to me you and your thing I will show you I will teach you a lesson You won't leave me alone if I don't find you no one will. "

He pulls his bag and takes the key to the table and opens it.

Melissa: "Make sure you check your insurance that you are still walking stop because it will be a mess at your home soon as for you I won't say yours I will do something for you I see you have forgotten me I have to remind you who I am"

Let him go out and lock out . He pulls his phone and the repairer calls.

Editor: "Make sure Melissa leaves my keys there and come open my office door with them and never let her in"

When the phone close and close to me I'm scared now I regret what I was doing. Hold my hand and lift my chin up to him.

Editor: "Fuze thank you mom I've been looking forward to this day thank you my love"

Wuuuh but where did I put myself on her chest. I wasn't planned to do this but what am I going to do now. Let me go a little and then he looks at me a little closer to me then when the lips touch and look away.

Must: "It's time for work the Fixer"

Editor: "You are the only one who started me and when I give you what you want you don't want it anymore"

Should: "E ena I don't say that I'm... "

Let me put my finger in my mouth while I speak, let me turn my head and look towards him. Let him first kiss me in silence I really don't believe this is happening to me . I kept quiet for a long time and watched him acting until he closed his eyes. Let him just look at me .

Editor: "What's up mom I did something wrong ?" If there is a mother please forgive me don't punish me now please even if you allow me to do this you can punish me with something else when we finish "

I'm quietly watching him he even made his eyes clear it's good for a person who begs himself. I tried to get away from him and he puts his hands on the table and lock me up.

Let me turn and put me on the table . Let him start afresh and kiss me this time I also accept him I feel scared but there is no going back. I let him go

Should be: "Fixer"

Editor: "When we are done mapholoba for now please don't disturb me mom"

Let him continue kissing me with my eyes closed he has closed them. I am still satisfied with what he is doing to me, his phone is raging. He ignores what he said until I let him go.

Shamase your phone is ringing

I can hear it's not being spoken anymore it seems my voice is burnt now. Take it and put it in the ear.

Editor: "Make sure what you call is important"

"Sorry boss to disturb you I am at the door I brought your key"

Editor: "Unlock the door and leave it like that"

Let us really close the door is unlocked. Let him start afresh and look at me .

Editor: "Sorry ma'am to disturb you I'm offended. "

Should be: "No problem"

Editor: "I didn't know that Shamase sounds so good when you come out of the mouth of an angel"

I got a little smile on my face. Let me watch him do the same .

Editor: "I love you and I'm serious about you nothing will separate us"

Must: "I hear thank you"

Editor: "What do I love mapholoba"

I'm quiet and upside down it's hard for me to get these words out.

Editor: "Fuze don't be ashamed of your man. You are alone in it, no one can be scolded by anyone.

I have been swearing at a girl now but she says I'm alone

Editor: "Remove that thought even now I'm still saying nothing will separate us if it's death which means we will continue loving each other even if we are angels because I can't see life without you you you are part of my life now"

Should: "let me open the door"

Editor: "Don't worry no one is going to enter here. Tell me princess that you love me I will die booh"

Should be: "No that's not a thing"

Editor: "Come and let me show you how much I love you"

Let him bring me down on top of the table that I was on, hold me behind his hands and put my waist and come out front and put his head on my shoulder. He opens the door I am in front he is behind me he is driving me standing.

Should be: "Where are we going"

Editor: "You will see the front porch only to find that you no longer trust me"

Should: "E ena it's not always that there are people like this"

Mlungisi: "Mapholoba yesterday you said people won't do anything for you I'm going to show them their God"

I left him very quickly haaa what are you saying now what are people going to say.

Must: "You can't do that please who's going to look after all these people"

Editor: "It's easy to go through this. "Tell me you love me"

I refused for a long time he keeps begging me and end up saying it

Should: "I love you"

Editor: "Oh no, what will my brothers say when they hear what you are saying mother like saying I love you my sister you can't say it in a right way"

Must : "I love you shamase "

Editor: "I love you too mapholoba"

Let me hug somewhere out there I really don't know what would I do if people came out. He ended up letting me go.

Editor: "Today it will no longer work we better get some fresh air"

Should: "I'm going to get my bag"

When I'm leaving without paying attention, let me go and put me on a chair and take our things and we leave.

She has hid her face from me . Mvikelo laughs.

Editor: "Ay man you scare your wife now you better leave"

Mvikelo: "Oh brother I'm going to walk like that without seeing the bride"

Editor: "One day bro"

Mvikelo: "Heard the shukumbela"

Let him remove the car and leave. I'm left smiling watching Mapholoba.

Must: "Let's get in I'm tired of standing"

I let her open the back door and she come in with me and sleep in her lap.

Editor: "out of every bed I've ever used there's no sweeter than this one"

Must: "What bed are you talking about"

Editor: "What's on your face Mapholoba"

He removes himself with his hand but doesn't get anything.

Editor: "Bend a friend slowly and I will remove you"

He will bend a little bit so that I can hold him and kiss him.

Editor: "I've deleted it mom"

He is quiet and doesn't answer I stand up and sit on his bums and get closer to him, I look at him closely now I can even hear the way he breathes. I first kiss her and she will accept me I feel like all the parts of the body are quitting working. I can feel her heartbeat going along with mine makes it sound like she's playing good music in my mind. Let me go .

Should be: "The wall"

You speak so low and your voice doesn't sound good as if it's burnt.

Editor: "Mapholoba I love you mom please don't leave me "

Should: "Not Wall it's early now"

Editor: "I'm being abused mom just look I have to cry because you're leaving"

Laughing out loud and speaks out the word. Felt a little cold . This princess has a good laugh. I just keep looking at this lady.

Editor: "You're beautiful mama"

When he cover his face with his hands, it can be seen by his cheeks that he is smiling.

Must: "I have to go now "

Editor: "I'm not accompanying you mom"

I open the door and go out and open it for him to come out. I accompany him and put him on his gate, hold him a little bit, kiss him and let him go

Editor: "I love you mom I can't get enough of telling you anytime I want to remind you, I will call you when I get home safe my love"

You must: "Have a good ride with yourself"

Let her kiss me a little bit and hold her and kiss her for a long time no it's my first time loving someone this way.

Editor: "We must not do this in front of your house mother you are respected by a man's house, let me run before I get paid.

I kiss her again and let her go I stand and watch her until she comes in the house I love this woman. Back in the car got in and sit for a while I still smell her . I think I'll sleep there in this car so I can smell it until morning.

🎀It's a must🎀

I go home and they are all asleep I go in my room and find the player sitting on the bed writing I go in and sit on the side.

Should: "It's getting rid of my love"

Mendlali: "I'm done sis"

Editor: "Good night mother you are loved on the wall"

I switched off the phone and throw the iPhone on the bed and throw myself there.

Mendlali: "Aibo sisi here you are, don't miss yourself on me"

Wuuuh I have forgotten that there is a player in the house. I get up and sit on her back .

EPISODE 17

🌸 Protection 🌸

We are all sitting on the table as a family waiting for Father Nxumalo and his daughter, what is called I should marry. Really he goes in and walks with his two daughters ohhh that means the young one is the one called I will marry him. She is beautiful but my heart is with Mendlali. They come in and sit down.

Nxumalo: "Shamase the man of men has met again"

Mkhwanazi: "We see each other my brother it's been a long time"

Nxumalo: "Sona is very far but I hope you still remember our agreement"

Mkhwanazi: "Oh how can I forget my friend"

Nxumalo: "Laughing if that means we are still together, no I am walking with my girlfriends here Nhlalenhle (24) the old one then Mihlayonke (18) the young one I think still remember very well"

Mkhwanazi: "How can I forget my daughter-in-law. Are you well ladies?"

Nhlalenhle: "We are here father we are not listening to you"

Mkhwanazi: "Ayi laugh when you are alive. I have my guys here ladies. Eeeh this is the Mlungisi that Cebolenkosi is tempted by Nkosenhle and then Mvikelo will end up"

Nhlalenhle: "We are happy to know you brothers"

Cebolenkosi: "No we are also happy to know you Zwide"

Mkhwanazi: "Mvikelo pay attention to our bride when we looked at her we saw that she would suit you son"

Nkosenhle: "It is forced to marry Mvikelo"

Cebolenkosi: "No I also want to know because we can also do that if the defense is not willing"

I'm quietly watching them I can see they are talking about me not to marry this girl.

Nxumalo: "As promised we promised to be a boy who will marry my daughter"

Nkosenhle: "No I'm not saying badly Nkaba yenkosi but I was saying that we can also create these flowers oh they are so beautiful like rays of the sun"

Cebolenkosi: "No I will also be surprised I agree with my brothers here not me as if the eye has crossed the river is full now no they are clean even gold can't find anything here"

Smile until they look down.

Mlungisi: "Eeeh Nkabanhle I think my brothers here have a point since Mvikelo was young he might have made mistakes and end up hurting the feelings of Zwide but if one"

of my brothers is taken by growing up it would be fine because they understand the way of love better"

Nxumalo: "No my boys I hear you are putting it here but the owner of the story must decide for himself"

Nhlalenhle : "Can I go to a small house father"

Mkhwanazi: "Mlungisi tell aunt to show him"

Cebolenkosi: "No no no father there is no need I am here I will show him "

Let Cebolenkosi stand up so that they can go outside.

Nkosenhle: "But Zwide this boy is still young I don't trust his decisions because those who have the ability to make decisions without thinking about the future only to me father you can trust me with your daughter I won't disappoint you"

Mkhwanazi: "Oh son you are so sacrificed now"

Nkosenhle: "I can see father that this seed will fall on the soil that I am not rotten now I want to take it and plant it well so that it can stand and see the fruits"

Nxumalo: "Ayi Shamase if boys get married like this with my girlfriends I'm chesting them it means they're really beautiful"

Editor: "Ayi you have given birth to Ndwandwe, a brother should beg himself so much"

Mkhwanazi: "Mvikelo everything is left with you now, are you giving your brother a chance or you will continue"

Mvikelo: "I have not understood the way of love so I would be happy if my brother could go where I was supposed to"

Nkosenhle:"Oh guys thank you my brother, father has spoken the owner of the story stand up mother we get married there is no time to wait"

Nxumalo: "No it's okay shamase because at the end of the day my princess will be under these yards to marry any of your son it's not important"

Mkhwanazi: "Thank you Ndwandwe"

The repairman's phone rings and he goes outside and comes back quickly.

Editor: "Shamase I am sorry father for leaving the meeting you hang there is somewhere I have to hurry"

Mkhwnazi: "Is everything going well son"

Editor: "Farewell daddy I'll be back soon"

Mkhwanazi: "Ayi okay prince"

Editor: "BabuZwide we will see each other mkhatshwa"

Nxumalo: "It is true son"

He comes out quickly as if he is in a hurry.

Mvikelo: "Father I'm going to check my schoolwork I'm so stressed out"

Mkhwanazi: "ayi you are serious son. Nkosenhle please leave us with Ndwandwe"

When Nkosi and Nhlalenhle stand up and I go straight to my studying place.

🎀 Designer 🎀

I'm in a hurry heading to my house and I got a call to hurry there. I don't chase a car I fly it. Before I got there I saw a cloud of smoke going up. Can't run a car to much can't wait to get there real soon I can't believe what I see here . My whole house is burnt even though the fire extinguishers have put out but it's the same it's all gone. I felt the heart goin down . My house that I worked for so much might be burned like that. So much energy for me. Who really would do this . A cop is close to me.

Officer: "Sir are you the owner of the house"

Editor: "it's really me bro"

Police: "Do you know what caused this fire or if you are accusing someone of all this"

Editor: "I was lying guys I just got a phone call saying I should hurry here I am getting smoke"

Officer: "Sorry for what happened in your home please give us some time to investigate we will come back to you"

Editor: "It's clear brother thank you"

A police officer keeps wandering around writing down and my phone rings I look at it ohh massage

Melissa

"That's just the beginning , I can't do that . Let the good game go on"

I heard I was burnt by mawala how can this girl do something like this before she burns my house. I hit the car headed to his apartment and actually got my own on. Yoooh there is no one, everything and clothes are collected, you can see that the person who stayed there has moved. I took my phone and called him and it didn't come in and text him

"Let's hope you stand up for what you start"

Melissa doesn't know me well she saw it because I always laugh at her I can see she is getting used to me. I clicked my phone and put it in my ear.

Editor: "Mama can I see you "

I switched off the phone and didn't hear an answer I hit the car heading to Komangcobo. How long have I been there. I made a phone call again.

Editor: "I'm outside mom"

I saw him coming as if he was standing at the gate the way he came so fast I went out to meet him. I hug her and tighten her and she doesn't ask anything to do the same.

Editor: "Mapholoba thank you mom you don't know how much I needed this warmth "

Should: "Why do you look like you're not okay"

Getting close to the car I'm waiting in the car and hold her hands

Editor: "Mapholoba I am not well my spirit is broken my house is finished"

Should: "What's Up Wall"

Editor: "Melissa mom thought she better burn my house"

Should: "I'm sorry to hear that I don't know if I had a problem it's just causing problems in your life if I didn't come Melissa wouldn't have burned your house"

Editor: "It's not so mapholoba you are my light. Your arrival is the beginning of a new life all that I lost which means it wasn't mine I'm not crying for you my love even though I worked hard for you but as long as I haven't lost you all that I've lost is nothing I know we'll have a lot together"

Should: "But the house ya..." "

Designer: "No ma'am I had to get out of that house so I can build your own house that has never lived in another woman"

Should: "I hear Ndonga but Melissa means she's still going..." "

Editor: "We won't do anything mom I'll fix her story I love you hear"

Should: "I love you too Lord's son"

I'm getting closer and holding her well.

Nosipho: "Ayibo I am equal, you should not make me crazy"

Zanele: "I said it but she keeps saying the boss is their boss, what I told you about"

Nosipho: "You are getting used to me I want to tell my mother you won't do this to me I've been warning you but you know that you have taken her that's why you always go out at night hanging with a wall"

Zanele: "Aycha sister you are disgusting you know nothing except other people's men"

The other one is crying I'm just quiet and watching these kids I don't know if they are going crazy they should never get used to me I'm not even in the mood I'm just tired.

Editor: "Let's get inside mom"

Must: "Fixer I have to go now "

Nosipho: "You have to come and see, I am telling you you will see today she will show you your mother who will see you look like"

This child is crazy, he would cry like this because of a boy who has never proposed

Zanele: "Let's go my sister. "You gotta point out a house with alcohol"

Keep them heading home to them.

Girl: "This guy will find me well I told him to break up with this guy that means he sees me as a fool and he is the smarter than everyone in this house no I will show him he doesn't know me well"

I felt so pissed off I really don't know why my mom treated me like this I open the door and walk in.

You see today these kids will know me I am tired of them always climbing my head then my mom speaks for themselves today I will teach them a lesson.

Zanele: "You're so strong for me and you hear them saying I'm not studying"

Must: "If you were studying you would have passed last term let me talk to people who failed. Nosipho Dade which man of yours are you talking about"

Nosipho: "You can make me a fool and tell me about my man and ask me which one did you live with on the road you don't know that he has the owner"

Should: "Ohhh but the stylist are saying, relax sister I'm the owner"

Nosipho: "I don't say you see her, I don't say you hear her saying"

Girl: "You see if you still want to sit under the roof of my house you will break up with this guy you hear me"

Must: "Why Mom because I don't deserve good things why always think about Zanele and Nosipho. I'm not going anywhere, this is home"

Ntombi: "Listen my sister at Zanele's and Nosipho's home, you at your home in the forest that I don't know you will not bother my children at their home"

Tears are flowing now I didn't expect my mother to say these painful words to me.

Girl: "You are now breaking up, why you were spoiling, continue spoiling girl, you know how to talk too much, continue saying where is your family"

Must: "What have I done to you, what have I done to you, don't say all the things you say to me"

Girl: "Leave Nosipho Skhohlakali's man alone"

Zanele: "Tell mom you are so dirty you think everything is about her"

Girl: "I repeat I say if you are under my house you will do what I say leave my child's man alone, I am not saying you are a woman you walk with men along the way who knows maybe you are just sleeping"

Zanele: "Ngekele mom will never sleep the one who loves men so much"

Nosipho: "I don't know why you keep this thing in the house because it always pity us with problems"

Zanele: "Nosipho is right, this thing is not right here"

Girl: "Listen to this lady, you will help me like this, you will take all your salt from me and get out of my place"

I'm crying now what have I wronged to whom they are all sharing me now I don't know who to answer and who to leave. My phone rings I picked it up and put it in my ear.

Editor: "Mama you good"

I couldn't even reply I cried so hard .

Zanele: "Hau you also know how to cry I thought you can't you know, only to find that you are making others cry and you are also being asked about pain ay no it's burning shame"

A player entered as if he was going to study and put his books and come to me and kneel next to me.

Mendlali: "Don't cry sister it's going to be alright"

Girl: "Oh there is a big annoyance Jesus what are you looking for where you finished working at your Khwanazi because you are here"

Zanele: "You see if we didn't want the money that is being used by this thing you would be chasing it here"

Nosipho: " Then who washes the dishes. The water is all over. "Ngeke Mah must go cook again this one I am hungry"

Girl: "Wake up alone and go cook you don't hear my children are hungry you can't sit here at my house thinking that you will eat my food for free. "

Mendlali: "Let's go sister and leave the room here... "

Before even finished talking we were distracted by knocking on the door.

Girl: "Zanele look there"

Let Zanele stand up and go there and turn towards our neighborhood.

Zanele: "Nosipho came to us"

Nosipho should stand up quickly towards the door.

Girl: "I told you to collect her clothes and leave my place, I told you to go to the kitchen to cook I don't know why you were waiting for visitors"

My phone rings and I picked it up.

Editor: "Mapholoba I'm at the door please do as your mother said the rest we will fix it again"

Girl: "Theeeya I am tempted by the Lord, you see if you have ever walked out the door don't be bad at my place"

Up tired mom better get me a place to stay . I pulled Mendlali by hand.

Should be: "Fold your stuff sis I'm not leaving you here"

Mendlali: "He won't admit you're young sister"

Should be: "Mendlali my mother won't help you with anything, I want to go and try for a better life and be like other kids"

Let her walk in her room and I go to mine . We collected all our own and come out .

Girl: "Go away you don't know how to pets you are dirty. They'll take a picture of y'all forward. Don't come back here when they have stopped you. Oh you are so dirty, a person says they are with children only to find out they are dead in the house wuuuh you are rotten go I want to see what is good for you"

I pulled Mendlali with my hand and we came out the Mlungisi is there he is walking with his brother who talks too much. They took our bags and put them in the back and we got in the car. Sitting with the Fixer in the back .

Editor: "It's going to be alright mom I'm here now"

I felt the heat in my eyes and cried, hold me well, let me lay on him and calm me down. I really don't know what I would do if the fixer wasn't there it means I'd be sleeping in the

streets tonight. The car went and the car went and saw some beautiful houses going inside. They took our bags down.

Editor: "Nkosenhle's flats are you going to pick up for now I'm still preparing a good place to stay"

Nkosenhle: "You can be comfortable when you want to live together you can stay and when you want to break up you can do that but the man's pocket will eat"

EPISODE 19

🎀 Good night 🎀

On my way home from work headed to town to pick up a lil bit and head to my apartment. I see my father thinks that because Mihlayonke agreed to marry a Khwanazi boy I will also want to marry there. I'm just not in those minds. Went in the store bought everything I need and bought a small shake there's bread in it meat, juice and chips put it in the car take this little plastic and take it to the bus lank. Honestly I saw the person I came to mmm he washes my soul I loved him without saying anything. Many of my friends have run away from me because I love him I don't want the men they choose for me. Waiting for a while watching him pick up the tins and load them in the sack. mmmm I can't see him living this life I have to help him . Ever since I know him he does this work. It's the first time I know him helping me get a car wheel. Even though I didn't trust him because of his situation I thought he was a little bit of a thug but after talking to him I realized that he is a living person the thing that life didn't treat him well. I get a little closer to him I stand behind him and then slap him a little bit and he turns around to put the tones he has hand and the stone he was spreading.

Fact: "My sister I can't see you for how long you've been here"

Nhlalo: "Mmm let's say 5 minutes like this"

Fact: "sorry man i didn't see you"

Nhlalo: "Ay no wonder I got this for you"

I gave him a shake

Fact: "Thank you sisterrr god bless you "

He will come closer and say he is shaking me, I will hug him for a while and let him go.
He kneel down

Nhlalo: "Truly the truth will show me about people"

Fact: "Thank you my sister I really don't know what to say"

Nhlalo: "Ouhk you want to know what you can be thankful for"

Fact: "Anything my sister since I started knowing you every day you buy me food you don't forget me"

Nhlalo: "Ouhk you see here at my house my yard is finished I need someone to fix it for me"

Fact: "I'll do it for you my sister for free and you won't pay nothing "

Nhlalo: "Ouhk let's go"

Helped her pack her teeth and load them well in the sack.

Fact: "I don't hold them and look how they dirty you"

Nhlalo: "I will come and wash the house"

Went out to my car and saw my friends sitting drinking .

My siblings: "No you are really sick you nhlalo even now you don't want to stop this madness"

You must: "Leave him alone friend you will give up the day he kills him and throws him in the army and no one finds him "

Truth is still standing and listening

Nhlalo: "Facts let's go leave them ignore them "

Truth: "Ay my sister I think I will hate you with people"

Nhlalo: "You know the truth in life you have to do your own thing and forget about people. If you are going to pay attention to people you will not go anywhere you will keep standing together because the things you do you keep thinking they will say'

Truth: "These words my sister seem to speak to me"

Nhlalo: "Hurry up we will finish while it's still light"

We got in the car and he refused to enter but I beg him to end up entering. The car has gone heading to my house. I haven't had enough power to build it's only 4 rooms but she's beautiful and beautiful and then there's a rondo on the side. I used to put a gate in, slowly I'm going to jump my house. We came down and came down.

Nhlalo: "Please bring me in I'm coming"

Let them take the plastic from me and put it in I see you scared.

Socialism: "Truth"

Let him turn and look at me

Nhlalo: "Nobody is inside "

I saw him being free he knows that the people I'm close to don't want him. I watched him go inside quietly waiting in the car no he won't go back here I'll try to keep him ready it's good because he was not drugs it'll be easy to help him.

I walked into the house and found him standing and watching.

Nhlalo: "Stay here I will be making you food I'm coming back now. "

Really let him sit on the couch so I can make him some food and take him. He eats and hurry you see that he was hungry I helped and did it for him xaxa. Then he drinks juice.

Fact: "Thank you my sister ey you made me a person I've been dying of hunger"

I took the dishes to put them down and sit next to him.

Nhlalo: "Truth"

Fact: "My sister do you live for me though"

Nhlalo: "If you were given a chance to ask the Lord why would you not ask"

Fact: "A place to hide your head my sister it's hard to sleep on the road and rains end on us the cold comes and ends with it's all over us I don't want to play with you sister it's hard there"

Nhlalo: "I'm not saying the truth but please tell me why you left your home"

Fact: "Ey you woke me up with my wounds now sisterrr , my home story is a long story. Eish I used to stay with my parents and my sisters I don't know what happened at home but it confused me you know we were 5 Muslims but my parents died and then I was left alone and every time we finished burying on Sunday on Monday another one will die. I was left alone and tried to stay in relatives but nobody wanted me but they all said I was coming with a death paycheck me out I was afraid to go stay at home because I thought I would follow I chose to stay on the road. Ever since I was 15 and now I am 26 the whole 11 years of living myself by selling tins that's my work I do"

I'm crying now yes I knew her that she sells tins but I didn't know that she started this young but so much pain Lord why do you allow it to happen to your children.

Fact: "Oh you see sisterrr that's the thing I haven't told you all this time"

Nhlalo: "I'm sorry Truth but you don't have a family anymore"

Fact: "The family I have is the boys I hang out with on the road"

Nhlalo: "Can I give you a place to stay"

Fact: "Oh my sister you have done so much for me I won't play with your goodness"

Always: "No from within me"

Fact: "Oh thank you my sister aw but I really don't know what to say now"

Nhlalo: "Let me show you the room you will use"

She really get up so I can show her her room . Of course I have planned this to give him a place to stay, I didn't know how to tell him but because he has arrived it's okay. I took him out two shorts and their t-shirts. I used to buy my own boyfriend but I was going to catch him sleeping with my friend and left them both like that.

Nhlalo: "I think this will be enough please go and bath"

Fact: "God bless you sister thank you so much"

I showed him the bath while he was bathing while I was putting the items I bought.

EPISODE 20

🌸 Good night 🌸

I left work to fetch Truth from the house and we went to town now I am waiting for him he is cutting I am pressing my phone. I don't know when I saw someone in front of me. I sat down a bit and look at her smile no I won't know if this was her but because the clothes are the same as the ones I came with. I looked at him and he is looking at me everyone is looking at us. I got tears lord please make her not to see other women to see only me I love her lord please . I'm just going to throw myself to him . I can't help myself I love this guy I got him and fixed myself I don't want anyone to start me. It seems like it's not the one now the hair that was big the problem is that they cut it and the small ones left and cut it well. I'm still holding him even now he's just quiet. People are now clapping here at the salon some say let me hold me they shout I feel his hands sitting on my back as if I see a little heaven. I have been longing for this day. I let her go out to the store to buy her clothes mmm she keeps changing let me tell her if it suits her . No a woman's child is beautiful that's why she was beaten to stay on the street her beauty was not visible now she's shining. We went out and passed the ones we passed yesterday, they stood up and came to me and dragged me aside, the truth stood and looked at me.

My people: "Aibo oe where do you get a hot man like this"

Must be: "Finally oe thank you finally found a man you'll forget the mad person you've been following"

My friends: "No you were annoying me I don't want to say you see now you are awake my friend even Sthe where she is she will cry and blame why she was cheating on you"

Needed: "Ayi your man is hot sister I don't want to say if I could get him once I would give him everything"

I just hear what he is saying annoys me

Nhlalo: "I will see you guys in a hurry"

I left them standing for the Truth and continue our journey. We left until we get home and no one talks to anyone else. We go in her room and put her clothes and come back to the kitchen where I cook for.

Fact: "Beautiful sister"

I turn to look at him and smile no if I was bewitched I won't deny it.

Nhlalo: "Sit there on the chair and watch me cook because I see you want to sit with me"

Standing next to me

Fact: "Beautiful sister thank you I don't know how to thank you for. It's been a long time since I wore a blanket and then I get used to the corners"

Nhlalo: "Please let's not talk about that anymore Facts"

Fact: "I owe you my whole life "

Nhlalo: "Aibo says there is something like that"

Fact: "It means it will start with a mike"

We chatted while I was chasing him a little bit. You can deny that she is the one who is so beautiful. Seeing even a small child that I love this person that comes from the bottom of my heart.

🎀Cebolenkosi🎀

I'm going back to town I saw a lot of children standing together as if there are some causes I parked a car on the side of the road and went there I want to see what's wrong with me. Oh I'm pouring it over a lady who measured snacks these are measured on paper. I watch it there are many children waiting until they get out of school I'm getting closer and they sit down and open the way for me.

Cebolenkosi: "Let me help you lady you will put it on papers I will arrest you"

I really helped him until we done with the kids they are finished now one at that time.

Cebolenkosi: "The name is Cebolenkosi Mkhwanazi is a princess"

"Zekhethelo Gumede"

Cebolenkosi: "No I don't blame the Phakathwayo for this name you are special even in our hearts lady"

Zekhethelo: "Thank you brother you helped me you know these kids almost killed me"

Tip: "Next time you'll have to teach yourself how to hold the line"

Zekhelo: "They are catching it I don't know what they had today"

Cebolenkosi: "Are you always here MaQwabe? "

Zekhelo: "yes I am selling it here and there"

Cebolenkosi: "I love your courage MaQwabe There are many women like you"

Special: "Thank you brother"

Cebolenkosi: "Let me run away from maqwabe it's evening now I don't know what I have done if I want to put you where you hide your head princess"

Zekhethelo: "Wuuuh you helped me brother you don't know how I suffer when I have to leave. You know I have brought you by the lord"

Cebolenkosi: "Mother mother we should go far no one will fight me when I see myself walking with you"

He laughed way too hard

Zekhelo: "But where would I get that person's time I wake up in the morning and bath my siblings go to school and then I will sell them here that's my life"

Cebolenkosi: "Ayi it's heard mother even though I don't trust it's not normal for beautiful ladies like you to stay single but don't worry with me no one will beat you princess, my father's cows are decreasing, slowly the baya is decreasing and there's nothing left"

Achalaze I can see who do you think I am talking to.

Cebolenkosi: "Oh but princess I would say I am with you while you are just blaming other people'

Zekhetelo: "I'm watching who you're talking to"

Cebolenkosi: "I will never walk with you and pay attention to another person I am not the type that usually hustle I do one thing at a time"

Zekhelo: "Ayi I can hear you I have arrived home thank you for taking care of me"

Cebolenkosi: "Thank you mother you are going to go well and greet me in your heart and tell it I would be happy to rent a room in it"

Zekhelo: "Aibo how now"

Cebolenkosi: "No I ask you to be my landlord and rent me in your heart so that I can find comfort and peace"

Zekhela : "I don't understand your speech brother let's say I will understand it one day "

He gets in their home and I turn around to get in my car and take it home. I wish it will meet soon.

💖Mendlali💖

We are in my room with Mvikelo learning and we are done just a little more to go. No this place is so peaceful if I stayed there all this time I would stand up with 100 alone in school. We are teaching with Mvikelo I see you keep looking at me I look down and wake my eyes up he is still looking at me. Let him stand next to me and I keep quiet and watch me and look away

Defense: "Mendlali"

I turn my head a little bit and watch him . Let him stand up and close the door then he locks it and comes back to stand next to me.

Mvikelo: "Mendlali can we talk"

She put her hand on mine she keep playing with it.

Players: "I'm listening to the defense"

Mvikelo: "I know that what I am going to say now will scare you and please don't come to my brother and sister Fanele"

I kept quiet and looked at him he is confusing me now Mvikelo

Mvikelo: "I'm not saying you know that it's possible to find yourself loving someone but don't tell them and they don't know"

I agree with my head

Mvikelo:"that could happen too, there is a girl I was spending my time with now I can't control myself I have loved her for a long time now I don't know if she loves me. "

Mendlali: "It's easy for the defense to ask what does it love you"

Mvikelo: "I'm scared when it says it doesn't love me then I get disappointed and hurt emotionally"

Mendlali: "Don't think about it, you won't know maybe it also dies for you"

Mvikelo: "I hear you Mendlali, the problem we have now I don't know how to tell it"

Mendlali: "Call it and sit down with it and tell it"

Let him get closer to me until I turn my head aside and sit on the table.

Mvikelo: "Mendlali please don't look down on me it's not that I don't respect you but I'm failing now it's been a long time I've been patient, you have taken my heart"

I just watched her I won't believe this defense I thought she had girls at school .

Mendlali: "Mvikelo you have a lot of girlfriends at school you don't want me to cause problems"

Mvikelo: "Please speak up before you see you player. Out of all the girls you hear that they are mine not one of them you have ever seen me with. I love you the girls they tell me about I don't know I never had them again"

I'm quietly looking at him and he's watching me.

Mvikelo: "Mendlali please think about this I know it's hard for you and I won't chase you with it I just wanted you to know that you are in my heart. "Please don't disturb the way we live"

Mendlali: "But it will never be the same"

Mvikelo: "Can we please try player and see where we will get"

Mendlali: "Sister Fanele said I should never fall in love when I was in school because I will be disturbed"

Mvikelo: "We will hide from the elders they won't know for now we will pretend nothing is happening"

Mendlali: "I'm just going to be distracted at school"

Mvikelo: "That won't happen I won't disturb you I promise I'll give you all your time everything will happen as it was nothing will change"

Mendlali: "I'm still going to ask my sister why you won't disturb me"

Mvikelo: "Mendlali please don't let this matter come to sister Fanele and brother"

Mendlali: "I hear I'm still going to think"

Mvikelo: "Thank you player I'm thinking of leaving now we've finished what we were doing"

Mendlali: "Farewell I am not accompanying you"

We stand up and collect his stuff and we go out when we get to the door we hug each other as usual but for today there is a difference he hold me for a long time until I let him go and watch and hold me then he gets in his car and walks with me back home.

🎀Qiniso🎀

I'm sitting watching Nhlalenhle sleeping. I'm still surprised that there are people who have a personality like this other people's girl. mmmm a woman's child carried me without knowing me and I don't know how to thank this woman. I stand up and take a towel and say I'm dressing her and she wakes up and looks at me while holding the towel with my hands and she smiles and looks at her beautiful person. I don't know what's going on with her since I got here I haven't seen her with her friend I don't know whether she has it or not but it's not something to worry about that's mine to protect her and make sure she's safe.

Fact: "Sorry I didn't mean to disturb you I was trying to dress you nicely I feel like it's cold"

He wakes up and sit next to him and give him a towel to take it and cover our feet and look at him and smile. What I have noticed about him he doesn't make a mistake when he looks at me he smiles and his beautiful dimples shine. He is beautiful inside and out his heart is gentle I wish to see this lucky man to be loved by an angel on earth.

Nhlalenhle: "You didn't disturb me and I'm in the preparation of waking up. Have you ever eaten though"

I'm quietly watching him it's hard for me to take things from the house he didn't say.

Nhlalenhle: "The truth is our place to live together everything in this house has the right to use it and no one will talk about it please people the truth don't starve yourself there is food. "

Let him get up and go to the kitchen so I can follow him and sit on the chair and make food.

Fact: "Beautiful Sister"

Nhlalenhle: "Yes True"

Fact: "I'm not asking badly sister but I've never seen your person come here and I've never seen you visiting them"

Nhlalenhle: "It's not a true story but what you need to know is that I'm single I'm staying with you 24/7 there's no man you'll ever see here"

Fact: "You don't mean these boys are so naughty, is there anyone who can stop such a beautiful naughty person".

Nhlalenhle: "Here you are leaving us"

Truth: "Hau what are you saying now sister I am your brother I don't want a guy who will hurt you"

I saw him being sad, I wonder what I said, it didn't sit well with him.

Nhlalenhle: "Truth can we please stop talking about this"

Ay I'm just quiet I don't want him to get offended but he's not even a person who always gets angry he's always laughing.

EPISODE 22

🎀 Designer 🎀

I'm just entering Fanele's house and leaving home it's closed now. Throw the keys on the little table next to the bed and get close to the bed she's asleep. I took off my shoes and shirt and left with a vest and get on the bed and sleep behind him. He turns and turns to me and open his eyes a little bit.

Must: "mmmmh when did you arrive"

She speaks in her sleep

Editor: "I'm just going in now mom sorry to disturb you my queen"

I got her close to me and hold her tight .

Editor: "The uncles didn't give you anything "

Fanele: "Notho Ndonga I am thinking but if the one who says it's setting tomorrow will be the answer"

Editor: "I'm looking forward to waking up from these hands every time I wake up in your face looking at me, why should I think this is heaven because there's nothing better than this"

Should: "Aibo we can't sleep together"

Mlungisa: "that will never happen if my father would kill me with a stick"

Should be: "aike that means you're still going to wear a Khwanazi stick"

Editor: "I know my mom won't do that the way she loves me she won't let me see me in pain"

Must: "Who said I love you Ndonga"

Bent my head a bit and watch him .

Editor: "You really want to know Fuze"

He agrees with his head and I will draw my face closer to him and kiss each other for a long time....

Editor: "I don't know if my mom still has a question"

She keep quiet and don't answer me

Editor: "No since I no longer talk to you here at home, I better leave. "

Pretend to stand up and hold me

Should: "You're leaving already"

Editor: "I thought my mom wasn't talking to me anymore"

Let him keep quiet and look down and laugh I go back to bed and sleep up and look up and lay on me.

Editor: "Fuze "

Should be : "mmm"

Editor:"I love you mom I don't want to lose you in my life. I have realized that my happiness depends on you so please my dear let's cooperate on this journey . "

Fanele: "I can hear the wall"

Editor: "No mother you will kill me now the heavy stone you put on my chest is giving me breath"

Lift his head up and watch me

Should: "My head is a rock?" "

Editor: "No baby no head that heavy"

Let him take it away from me and sleep and follow me. I'm close to him and hold him close to me .

Editor: "What have we fought Queen"

She keep quiet and don't answer me

Mlungisi: "But Mapholoba you are playing with me now you mean I had to keep quiet I hear that I am dying no mother why do you want to kill me"

Let me just keep quiet until I can't help myself and find myself laughing. Females will amaze you she's not even mad at you now but she's not talking to me anymore.

Editor: "My Mapholoba, please mom look at me at least I don't know who made your head so heavy but I see you wanted to fight us"

He will get closer and I will end up standing up and going to the kitchen so that I can stand up and follow him. Let him wash his hands and take out the dishes I stand behind him and put my hands on his waist.

Editor: "Do you know that a man is not angry at him because he goes to think that they will not get angry at him"

Let him down his hand and remove mine from him

Should: "Go away and go for something you won't get angry at".

I answered him looking towards me.

Mlungisi: "But Thembalami I was just talking to myself my love I didn't know it was going to happen to you. I'm sorry mom listen. "

Let him just keep quiet and not answer me

I smiled a little what makes me angry is that nothing is annoyed by.

Editor: "You know even if I was given a second chance I was told to choose my wife I would still choose you mother I love you I don't see any woman will take your place in my heart. "

Must: "I don't say I have a big head"

Mlungisi: "Oh but Mapholoba it's okay my love when I kill you mother listen. "

Should: "I'm not saying you see"

He gets angry at me I hold him and answer him.

Mlungisi: "Come on mom you will be sleeping because I will not cry for my wife because of my chest come on my love"

I got her close to me she's laying on her chest.

Editor: "Kill us baby ya hear "

Let him remove his head and hold him tight.

Editor: "I'm joking mom cook the man is hungry now"

I kiss her on the simongo and let her continue with what she does while I sit and watch her.

🌸 Good night 🌸

Today my day was very busy at work I came back late . I'm just moving in the house it's dark outside . I first go put my wallet in my room and check the Truth in her because I didn't see her at dinning. I pushed the door a little bit because it's not closed I went in she sleeping with no clothing. Pulled a blanket and dressed her nicely . I stand for a while and look at him close to him and kiss him on the lips and then leave this man is built but what will I do I really can't leave him alone and I won't allow another woman to be in his life. I still think like that I swear until I sit next to him I thought he was sleeping and he wakes up and gets closer to me.

Fact : "Sis please don't do this you know I've been close to a woman so please don't test me I respect you"

Always: "But be strong... "

Fact: "I'm a man full sister and I have feelings so please don't do that I don't want to end up finding myself tempted "

Yoooh this means it's still a long road. I'm going to sit in bed and watch him get close to him and sit next to me.

Fact: "Beautiful sister I'm sorry that what you did for a while now it shocked me to see you kissing me"

Nhlalo: "Truth"

He turns his head and look at me

Nhlalo: "What kind of person you wish to partner with in relationships"

He is looking down

Fact: "It's hard to think about love stories at this time but if I could explain to her I would wish her to be like you sister to have a good heart and be beautiful"

I found myself smiling which means there is still hope.

Nhlalo: "Why should he be like me"

Fact: "You're so different from women nowadays there's a few like you. I congratulate a man who will be loved by you sister you will be very lucky you are well my child don't end up living inside you are beautiful my sister I know only your person should tell you this but I am your brother there is no problem I should say. "

Then he laughs like I don't scatter myself I don't know if I'm going crazy or what but this sister and brother will never work. I look at him and he is looking at me I look away. I got up and headed to the kitchen . Hau he is following me you know the truth will make me unable to help myself. I fixed the pots . I cooked and then he is sitting here with me watching him and smiling with him he is doing the same I don't know where it came from because I see love exists that he is not talking about you I don't know what to do now. I dish up some food and put it well .

Nhlalenhle: "Please keep my glasses up I am not coming"

Let him stand behind me and open the cabinet up and take it out. I will never die once even if he disappoint me no one will see it will be the two of us. I turn and turn to him my hands to his chest. Head up and look at him for a bit and look down. Standing still holding glasses in hand. Let's get closer and put it well close to the sink. When he came closer he postponed me I balanced with the cabinet and he is still depending on me. His eyes have changed I don't have any regrets I've been wishing for this opportunity.

Lift my eyes up and look at him he's watching me slow down real quick . He's just quiet and he's not talking anything my hands are still on his chest. She sit down a little bit and go to her room I can't just let her dry what happens no I want her to keep it to me . I picked him up and found him standing looking at the wall and I went in and closed the door and he turned his head and looked at me a little closer to him.

Nhlalo: "Truth"

He doesn't answer me I'm close to him I stand in front of him and throw away the wall and look at him. He's not looking at me he's just looking in one place. I don't know when he got my eyes in pants but I found myself smiling which means he keeps saying I'm his sister but when I touch him his feelings stand up. He takes down his face and looks at me when I lift up his eyes he has changed like he is no longer the one I know he has a vein on his face and his eyes are red. Let's get closer to me until the wall gets blocked while you're still looking at me. He puts his hand on my waist and I look at him and bring me closer to him mmmm when my heart jumps alone. Let his face close to me and close my eyes.

I also don't know what happened after that my eyes closed I didn't see anything 🙈🙈🙈

EPISODE 23

🎀 Good night 🎀

I wake up in the morning to hear something holding me trying to move unshakable and end up moving more and open my eyes a little bit. Wuuh yesterday I lasted it... I closed my eyes shame on me thinking of something we did yesterday . I open my eyes again when I look at the Truth is looking at me I look down quickly. You still holding me I can feel your strong arms I smile a little when I think of how I was looking forward to this day. Just waking up in his arms but makes me feel like I'm in a little heaven. Let me remove my hair off my face with a smile and kiss my sort.

Fact: "You have risen"

Nhlalo: "mmm I'm just waking up"

Fact: "did you sleep well?" "

Nhlalo: "I don't remember myself sleeping so well, what about you?"

Fact: "I slept well too , at work ?" "

I woke up so early I am working thinking of my phone under the pillow eish I forgot I am not in my room . He pulls his on the tiny table next to the bed and lights it up and heads to me. I have my eyes wide open.

Fact : "It's too late you won't cover"

Nhlalenhle: "Why didn't you wake me up Truth"

What I have taught today is not the same as every other day he is just a forward person he is free when near me but today he looks serious and low and the way he speaks is not what I am used to. You look at me.

Fact: "You slept well I didn't want to disturb you"

Nhlalo: "Eish it's okay I'm not going to do anything anymore I'm going to have to buy a doctor's book"

I sat well I'm waiting on the headboard I've been quiet for a long time I can see he's shy he's looking down now. He wakes his face up and look at me.

Fact: "You're calm"

I'm quietly watching him

Fact: "See a good one I know I'm wrong I shouldn't let emotions control me sorry"

I keep quiet and watch him for a long time without saying anything to come close to me and hold my hand.

Fact: "Nhle I know you were not intending for something we both couldn't help ourselves and I won't say it was a mistake because we were both alive no one ate the nose between us but I don't beat myself for what I did I'm sorry Nkabanhle. "

Nhlalo: "You regret it "

Look at me and then look down .

Fact: "I won't say I regret it because if I was given a second chance I won't hesitate to repeat it"

I got a little smile

Nhlalo: "I also don't regret "

Let's just look at me . Looking away I don't want him to see that I'm smiling. When I think of how fun our night was I never thought I could be such a strong man Truth. Honestly I don't regret what I did with him yesterday. Let him come closer to me and hold me tight and put me on his chest. The way I smile to see even a little child that I appreciate what is happening.

Fact: "Beautiful "

Let me lift my chin up and look at him

Fact: "I'm not sure if this thing we feel is love or it's because we're together most of the time but I'm willing to try to build love with you. Can we try together even though I don't know where it will put us but I hope we will learn the other way"

I felt like all the hairy parts of my body are blowing the wind. I have been looking for this moment and now it has arrived. I lift my head up and look at him and smile . It happens that when I see the truth my heart is happy I can't help it.

I put my hand around her neck and she doesn't ask anything, she bends a little bit and kiss me and do the same. After a long time let me go .

Nhlalo: "I'm going to take a bath now"

Fact: "I'll be making you food"

Nhlalo: "Aibo since when have you been able to cook"

Fact: "I'm going to learn today"

Nhlalo: "Well if you say that it's okay that means today I'll be a madam"

Fact: "You take a turning chair and you'll sit down in my heart"

I turn and look at him because I was off the bed. Just blinking of an eye.

Nhlalo: "I'll bring a fork"

Fact: "There's no need for it no one will find you even if you can roll it alone"

I felt a nice breeze as if the whole world is looking at me smiling and making love for her with her hands and she hugs, throw it at her, she scares it and puts it in her heart and then she smiles. Let him stand up and come to me and hug me for a long time and then kiss me for a somali poem.

Fact: "Thank you Beautiful. "Go and bath now I want to bath"

Let me get out of my room and throw myself on the bed. Ohh lord I didn't know you love me so much . I'm so happy I even cover myself with a blanket.

🎀Cebolenkosi🎀

I am on my way to where Zekhethelo sells it's time for school kids to leave now I know for sure he's selling somewhere. I went till I got there . My spirit just gets dizzy when I don't find him I go back to the car and drive to his neighborhood I stand up and call like a boy who plays football on the road.

Cebo: "Boi go to that house and you ask for your sister and tell her that there is a brother you are asking for"

I took out R5 and gave this little boy to be very happy and then he went away with speed heading there. A few minutes later he was coming up . I had every chance to watch him. A beautiful lady is beautiful but she doesn't complain too much, she has a humble color and she looks like she has a bracket. There is a step by step by the children. She is a lady who does natural beauty she doesn't wear the things that girls wear even natural hair is cut well. So close until it gets near me . It came with a smile.

Zekhethelo: "Hau why didn't you call you mean you were outside"

Cebo: "I'm sorry princess I was confused by your beauty and everything that was in my head ran away"

Zekhethelo: "Mmm thank you so where are you heading because you are passing by"

Tip: "I will dish my eye that has been hungry for your beauty and then I will disrespect my heart for a long time, it has been long to see you and to be close to you"

He just keeps quiet and stares at me I see he is confused he doesn't know what to say.

Tip: "I'm not staying for long princess I'm sent to you "

Special: "Are you sent ?" "

Tip: "It's really like that mom"

Special: "Who sent you"

Cebo: "My heart says I will not cry for it mother ask me if you won't feel it anymore or just make it a little bit close to yours and get rest it's been a long time it's been wandering around and not find the owner it's tired now"

I looked at him with the intention of finding out that he understands what I'm saying or he doesn't understand I saw that he is really confused.

Cebolenkosi: "I know mother it's not easy to trust a stranger with your heart but those who know say a good rod is cut in the nations I can't cut it but I will dig it well with it because I don't want to hurt it and hurt it I want to keep it safe so it can grow fruits"

He's looking down playing with his hands I can see he's being shy and he doesn't respond anymore.

Cebolenkosi: "I understand your situation mother and I won't deny it if you say there is someone who was still in your heart but please send me the message that the owner has arrived thank you for warming my seat while I was still in the bed. "

He doesn't even want to lift his head up so that I can get closer to him and hold his hand.

Cebo: "I won't promise you heaven princess because I'm also not sure how it feels when I hear them saying it's good and they are not sure but what I can promise is that I'm determined to be the person you wanted in your life. "

Getting a little closer again

Tip: "I may fail to be the man who does good for you but I will never fail to be the man who will marry you and give you everything you want in your life and happiness that no one will ever finish"

I laughed a little while thinking about the shyness he still has only to find out that he came forward here.

Cebo: "Let's rush nowhere mom I'll give you all the time to burn this conversation well and I hope it finds a place in your heart"

Zekhetelo: "You know I left cooked can I go now"

Tip: "Even though I'm sure that the pots have been finished long ago but I'll let you go mom so you'll have enough time to sympathize with my heart and accept it and prepare it with the right place for yours. Farewell princess, greet the elders for me even if you can whisper to them that we will know each other soon"

Special : "Goodbye"

When he says he is leaving I hold his hand.

Tip: "Let's not make the mistake we made before please drop your phone number mom"

I gave him my phone and he took it and put it in and he gave it to me.

Cebo: "Thank you Phakathwayo have a safe trip and have a day like you"

Let me go watch him and get in the car and come back home.

EPISODE 24

🎀 Beautiful princess 🎀

On my way home . I have a headache and my heart is shining. How can Mihlayonke agree in front of his parents that he will marry me knowing that he has his own partner. I asked well that I want to see him and he agreed then we denied the need to come with a man with bodyguards and then tell me to leave his partner or else he will kill me. What annoys me most is they keep holding on in front of me . Nah my dad needs to know this story I'm not playing this kid. Walked in the gate parked the car and exit . Headed to the house and met Cebo coming out.

Cebo: "Guys how are you going down and what are you saying"

Lord: "Bruh it's bad you see ey I don't even want to talk"

Pull me by hand and take me to his room and he walks in and closes the door.

Tip: "Calm down guys and tell me what happened"

Nkosenhle: "brothers I went there and this person came with her man they hold each other and kiss each other in front of me and then the man says he will kill me when I get closer to her man"

Cebo: "Laugh out loud guys which child are you talking about because I'm not sure if you're talking about the one from Nxumalo. "

Nkosenhle: "I mean it guys, this child is so annoying me, my father must know this, it will never end"

Cebolenkosi: "I don't see it in a broken stomach, you can see the old man has grown up and he doesn't renew it with sugar"

Nkosenhle: "When they want marriage what will I say"

Cebolenkosi: "We are here as your brothers, we will be with you and support you, you will not forcefully marry"

Nkosenhle : "Ey you see brother this child even if it comes from here I would kill it with a stick"

Cebolenkosi: "A real man does not test the strength of a woman shamase"

Nkosenhle: "Ey brother you are talking about ignorance"

Cebolenkosi: "I know guys that right now your spirit is shocked because you thought you have gotten a wife but my brother I would just say be happy for what happened"

Nkosenhle: "There is no one who can be happy with what happened to me brother"

Cebolenkosi: "It's still lucky guys you have to get yourself a wife that is loved by you not the one that your parents love because you can't give her the love she deserves"

Nkosenhle: "It's the same guys I loved but my father chose for him"

Cebolenkosi: "For now you still loved him but later that love would disappear when you see your choice"

Nkosenhle: "I can hear you man you are putting it but you see this is making my head praises"

Cebolenkosi: "Calm down my brother because in the end you will make decisions you will regret them in the end. "

Nkosenhle: "I hear my brother thank you "

I get up and out and leave him sitting in his crib.

👧 Girl 👧

I'm in the kitchen putting water to shower can't bath in cold as it's winter. When I look at this water because I left it so much in the bucket yesterday why did Nosipho and Zanele bath when they went to school. Ay I rushed to Nosipho's room and opened the door and went in there is no one here. I went to Zanele's house and found them both sleeping. So Nosipho slept here. Ayi I will not wake those who went to school. I went to them and pulled a blanket Maybabo am I tempted what is a man in my house?

Girl: "Hey people hey hey man wake up wake up it's not yours who are you? . Hey Zanele where do you get the habit of putting men in my place?!. "

Zanele: "Mah don't rush please you are making us angry"

Girl: "That's the sound of the smell?" These criminals you are putting in at home what do you intend? "

Zanele: "He is not a criminal my boyfriend please don't make noise"

Ay no I'm tempted by the lord you see when they talk about events they say something like this they say I should not make noise at my place.

Girl: "Listen to Zanele here is my place you won't tell me how to speak do you hear me??
"Get your thing out of the house"

Zanele: "It's not a bad morning and it's cold outside"

Girl: "Where should I enter in this cold weather there at school why did you go to Nosipho? "

Zanele: "Mah Nosipho is in her partner please make noise you know you are disturbing us"

I pulled a broom stick and hit this man once and he woke up standing on his feet.

"I am enough to warn your partner before I hurt them"

Zanele: "Mah please you know you will call yourself death for nothing"

Nyombi: "Haybo Haybo haybo haybo in whose house of a boy I can't know? "

I'm screaming the whole house is a temptation is there anyone who can scare me.

"Listen old lady I am not your friend I am not your friend don't talk to me as if you are talking to your friends look at me carefully I am not the weed that your children smoke when they start"

I felt my hair rubbing as if someone is pulling me with it.

Daughter: "Zanele!! I'm enough!! They are enough! Y'all smoking weed?! Talk man what is this gangster talking about?! "

"I'm warning you for the last time now stop calling me a gangster what's yours that I stole old lady"

Girl: "Am I an old lady ?? I'm no longer old I'm so young I don't know if you have a grandmother like me? . Hey Zanele I asked you, are you smoking weed? "

Zanele: "Eish Selo please help me I will not stand for this"

Girl: "Where are you going no one is walking here except this thief"

Zanele: "Sister I was not in your youth so please stay out of my way"

Girl: "Yey you'll blame the child you hear you'll blame never come back to me when yours are confused"

Zanele: "It's the same as Mendlali should say they will regret not coming back to you imagine how Mendlali is okay even at school wears a tesile that means in fact you are a black cloud and you celebrate everyone's success from granny"

She pushed me past her man to go out the door and follow them

Girl: "You will get what you are thinking Zanele it will be as if the world has abandoned you you will wish to open the world so that I can enter and you won't change anything!!"

Let him scream and go out with the gate

Zanele: "No you killed a man because you want to carry him leave me alone"

I heard my head thundering what can I say but they don't even see what I am now. Back in the house pulled my phone got to call what's supposed to come home . Call me early to pick up .

Fanele:"Mah sawbona "

Girl: "Hello sister how are you"

Should: "I'm fine mah you know I'm still at work I'll call you when I get out "

Girl: "It's okay my child I was just asking about life"

Should: "Thank you mom I'll come back to you when I'm done here"

And then the phone off. This thing makes us silly and says it's still at work and at work. Let him come back here to buy food I won't stay hungry with Zanele's back it's like it's not doing anything in this house. I'm in bed and in bed but seriously where can I get the money . It seems like it's going to be hard now but I'll make sure that you come back here you deserve it's been a long time since I've been feeding him and he's not working now he has to eat me.

EPISODE 25

🎀Cebolenkosi🎀

Standing outside the car waiting for Zekhethelo . I know I came to see him yesterday but even today I'm back I can't get enough of seeing him I wish I could visit him every time if it was up to me I would have stayed at them. Really he comes out slow and stops leaning on the car.

Cebolenkosi: "Phakathwayo are you well princess"

Zekelo: "I have a head that's why"

Cebolenkosi: "Awu sorry mom can I heal you"

Special: "I've taken the pills"

Cebolenkosi: "It's better those who are going to do the work for me, I'm going to heal the soul only because the flesh has been healed"

Zekhelo : "Mmmm I can hear"

Cebolenkosi: "Get in the car mom so that I can accompany you"

Special: "you accompany me "

Cebolenkosi: "Really mom"

Cebolenkosi: "Deep in my heart"

Zekhelo: "Aibo deny you there"

Cebolenkosi: "Where you will find all the explanations of the questions you have in your heart"

Special: "I don't have any questions"

Cebolenkosi: "Which means all the answers to my request are there"

Cebolenkosi: Oh but people it's okay mom let me ask here"

Special: "Listen to me"

Cebolenkosi : "Please answer me honestly"

Special: "Relax I won't lie to you"

Cebolenkosi: "It's your first time loving a man like this"

Zekhethelo: "Which person are you talking about"

Cebolenkosi: "The only princess you have here"

Zekhelo: "Please repeat your question for me"

Cebolenkosi: "No I was just asking myself if you love a man like this for the first time in your life"

Lmao a little bit

Special: "Aibo I'm not starting"

Cebolenkosi: "It means you have loved someone the way you love me before"

Zekhelo: "Ayibo what are you saying now e ena I'm starting"

Cebolenkosi: "Thank you mother I knew that no one will take my place in your heart just to hear that for the first time in your life you love a man the way you love me it makes me happy to show that you have done the truth and prepared a special place in your heart"

Let him keep quiet and look at me you can see that he's speechless.

Cebolenkosi: "Thank you Phakathwayo you hear, I love you so much mother, let me take you where you asked to go"

I opened the door for him.

Special: "Where are we going"

Cebolenkosi: "You will see later mother"

Zekhelo: "Even this sun is getting hot yooh"

Cebolenkosi: "May it be better for you mother I am hurting me a lot as I am facing the mirror of the world and all the rays end in my eyes"

Let him pierce and look down

Cebolenkosi: "You are beautiful inside your beauty they don't need to be complained about anything I don't care when you smile I just feel like my brothers are abusing me I have to stay at your home"

Smiles upside down I open the door for him to get in the car I also get in my side and hit it around.

🎀 It's a must 🎀

I'm done now sitting waiting for the fixer to come out of the meeting . I remembered that my mom once called I took my phone and hit her and she answered it quickly.

Daughter: "Mama's princess are you well sis"

Should: "I'm fine how are you there at home"

Girl: "Ayi we are fine ladies you are not even coming to visit us it has been a long time girl"

Should be: "My work is not my stress"

Girl: "Awu sorry my sister be patient"

Should be: "Ay we'll beg it"

Girl: "If you get a moment come over my child we miss you"

Fanele: "I'm coming mah"

Girl: "If you have children please throw it for us, it is bad this side we have nothing"

Fanele: "I don't have money but I haven't gotten paid"

Girl: "Oh we are dying of hunger we are trying for my child even if it's just in law"

Should: "I'll see what I do"

Girl: "oh thank you sister what would we not do without you"

Should: "I'll call you back mah .

I switched off my phone and the fixer came in aibo really what's wrong with my mom. I will never know my mother who gave birth to me will never do this. There is someone above you because you have bad plans I know her I have been with her for a long time.

Editor: "Who was that my love".

Gotta: "When you say I should try them as little as I can"

Editor: "I hear you my love we have to make a plan we won't let him go hungry while you're your parent." "

Should: "But after the things he's done ang... "

Editor: "Shhh my love your parent who carried you up and raised you is the person you are today because of his works even though he did something good he did for you. "

Should be: "Yah you're right you know there's only one thing I don't like"

Editor: "I'm listening mom"

Fanele: "Ozanele and Nosipho will keep swearing at me you see I don't think I will go"

Editor: "I hear you mom but think your parent should do good for them when they ask. Remember we are blessed the hand that gives than the one that receives"

Must: "I hear the wall I'm going to leave those things and leave I won't sit at all"

Editor: "Thank you Mapholoba that's why I love you so much"

Let her come closer to me kiss her surname then she takes her bag out . No it annoys me that I have to go to those disrespectful kids but there's nothing I'm going to do I'll leave the things I'm going to buy for them and leave.

💖Mendlali💖

We are in the school hall queued as our surname today writing the first paper of the end of the year exams. I keep watching Nosipho blows himself because it's easy to see him because I'm against him. She finally cracked the side skirt zip she sweating. One teacher is closer to those who will be watching us when we write.

Mrs Gumbi: "Nosipho you are fine sister"

Nosipho: "I'm not feeling well mom I'm getting hot I feel like I'm losing energy"

Mrs Gumbi: "Run sister to drink water and get some fresh air then come back before the teacher comes"

Let him stand up he is sleepy. He leaves after a few seconds and comes back. Let him sit down .

Mrs Gumbi: "It's getting better"

Nosipho: "Yes mam"

We stayed for a while and our papers are upside down and they give us all until they finish and then they say we should look them up. We should also do that, they say we should learn but not touch the pens. Look at us, whoever you look at the question they will start with is not easy for them. Our teacher told us that when we start writing the exam paper let us start with the question we know and see it is easy for us so that even when we run out of time we have collected many marks from the questions we know we have been trying our luck on. The time has come for us to write and start writing together no one is talking to another. Nosipho will sweat first so that I can hear the sound of a falling pen and throw my eyes a little bit and continue writing because it's not allowed to look away. A teacher will get closer to him and lift him up and go out with him. We were just taking the first step outside the door and he just returned while holding the teacher looks like he is dizzy or he is weak. They rushed him to the tap this side the moms who clean the school are now fixing where he brought it back. The door is closed so we don't get disturbed. I saw a teacher who was left inside here shaking his head and standing in front so that he can look at all of us because the other one came out with Nosipho and the other one was behind and the other one was walking around. Another teacher came in to fetch Nosipho's stuff and they said he will write in the boardroom so that he can get enough air he will be guarded. Ay time has passed since we finished writing no this paper was easy it wanted you to think it doesn't need a person to keep a case but I was preparing myself every time I didn't want to study but I

found myself forgetting important things but most of all I will make sure that I make my sister happy with my results.
